iPhone Basics

Wed. Dec. 11, 2013

"for the beginner"

Mockingbird Public Library I:00 PM 12/12/2013

You don't have to register.

Seating is not limited!

We do not sell your e-mail address. It's how we notify you!

No fees!

You can remain anonymous.

You don't have to know anything about iPhone!

You don't have to know your Apple ID or password!

Let's Turn Off Our Ringers If you toggle to Orange Your ringer is off!

If You Have To Leave Please Feel Free!

Ways To Improve the Class! I Need Feedback!

Leave a comment on my web site!

Go here... <u>tommillermachelp.com</u>

I am The iPhone Evangelist Hold up your iPhone

Repeat after me!

"This is my iPhone

It is the best device of it's kind!" (on the planet)

tdmill@me.com 325-518-6662

The Library does not [and is not] offer this presentation!

We are all volunteers. Presentation is free of charge. Thanks to the library for providing the facility. Thanks to Barbara Kelly and Bill Emery, Bob Kolquist

### Games Make Kids Smarter!

Atari, PacMan, Hangman

# The academic community began using the computer to help children learn!

How about **one of the most famous** learning games!

#### Where In the World is Carmen Sandiego?

### Many People think "Carmen" is the most Significant game every made!

#### Why?

It is the first and [maybe the last] time that Kids, Parents and teachers all felt that a game was Awesome!

### How Games make Kids Smarter cont.

http://www.ted.com/talks/gabe_zichermann_how_games_make_kids_smarter.html?source=email#.UpqzAevI5Ah.email

Games increase "Fluid Intelligence" ... the intelligence to problem solve.

Zichermann says that "Flynn Effect" Human IQ is rising over time.

Pull from the Top of the Screen!

## **Rotation Lock**

## iPhone Users... Turn on iMessage

# iPhone Explains Itself

In IOS 7, Look for Blue Text and "Learn More..."

# Using the Camera

- Use before "unlocking"
- Volume "up & down" takes a picture
- Pause button on the earphones takes a picture
- Zoom, flash, Auto and HDR are available.

### **Camera...Take Better Pictures**

Turn on Flash Turn on Auto Flash Don't use Flash Turn on HDR [High Dynamic Range] Take a Picture Square Use Video Create a Pano Notice the Special Effects

# Gadget...iPhone

## iPhone Camera Stand

# Self Timer for Camera

iPhone does not come with a self timer.

Do a **Search** in the App Store

Look for **Free** 

Look at the **Rating**!

You could "prop-up"

your iPhone.

# How to Add an App!

Type your inquiry in the "Search" field.

## Make a Note

- Siri will make a "Note" for you
- Siri will make a Reminder
- You can store "personal" info in "Notes"

• Notice all the things Siri can do for you!

# Turn on iMessage

# Search with Spotlight

From any "Home" Screen... Pull Down from the Middle and "Search iPhone"

> Apps People Data Mail

#### Organize "Like" Apps Into Folders

Drag one App on top of another App and a folder is created!

#### Move an App Out of a Folder

Just Hold until it wiggles and then drag it out! Capture Screenshot

Select a screen that you want to "capture" {Photograph}, It becomes an image in the camera roll.

Hold the "sleep/wake" Press the Home Button An "image" will be Saved Look in camera roll.

# Swipe to Delete

### Power Off iPhone

# Restore Settings When Things don't work well.

## Turn Off....iPhone

1. A Black Screen is "asleep" not off!

2. Holding the sleep button allows you power off!

**3.** Real Problems....do a Hard Boot

#### Multitasking Quitting an App

Double tap the Home Button...shows other tasks that are open!

Scroll across the see all the open apps!

# Delete an App

Press on an App until it wiggles and an "X" appears

Click on the "X" and app will be deleted!

#### Disable Keyboard Clicking
