My Spam Folder

Be Careful of your eMails!

The screenshot shows the Gmail 'in:spam' folder interface. At the top, there is a search bar with 'in:spam' entered, a search button, and navigation links for '+Tom', a grid icon, a bell icon, a 'Share' button, and a profile icon. Below the search bar, a yellow notification bar reads: 'Click here to enable desktop notifications for Gmail. Learn more Hide'. The main toolbar contains a checkbox with a dropdown arrow, a refresh button, a 'More' dropdown, and pagination controls showing '1-2 of 2' with left and right arrows and a settings gear icon. A blue link states: 'Delete all spam messages now (messages that have been in Spam more than 30 days will be automatically deleted)'. The email list contains two entries:

What is the Internet?

Steve Jobs said the iPhone is an Internet Communicator.

Everyone seems to be talking about the Internet.

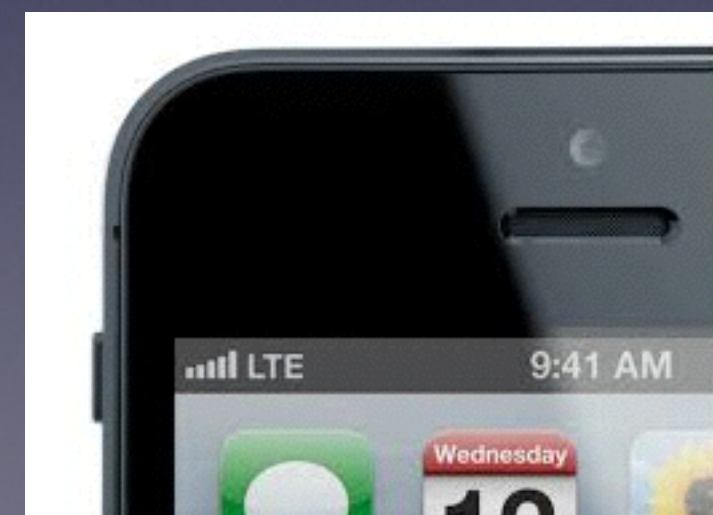

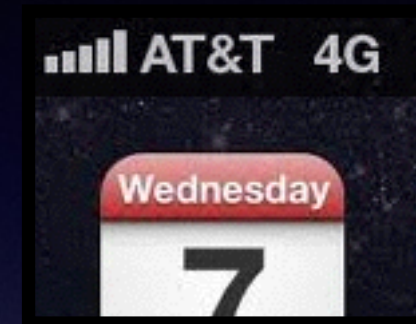

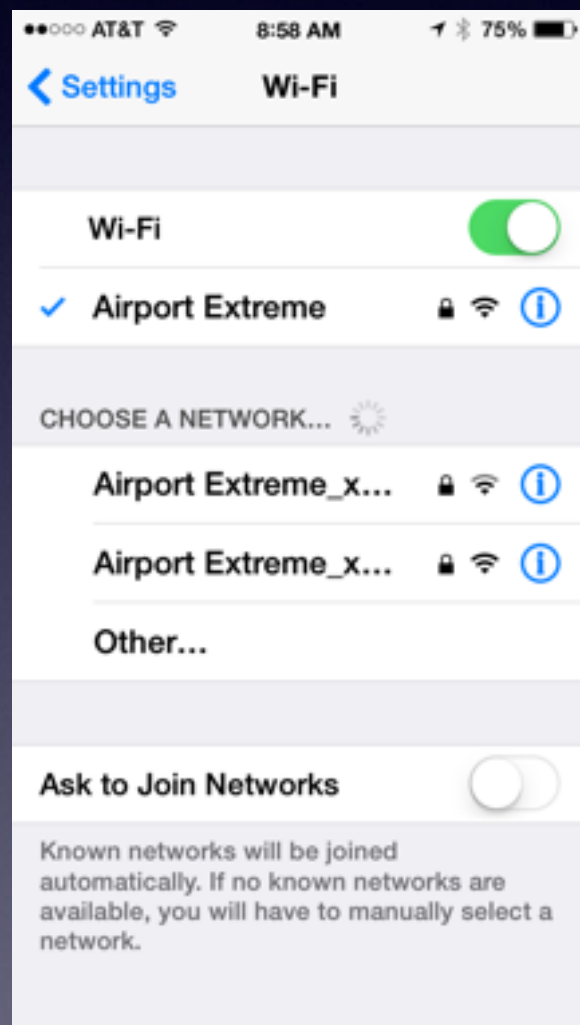

A network of computers that share information.

When I connect to the Internet; I am connecting to billions of computers that share information.

Some shared information is free and some is not.

The Abilene Reporter sends information that I have to pay to read.
