=

OS X 10.10.3 Makes Google 2 Step Verification Much Simpler.

The new process is much simpler as it simply requires submitting a code sent over text message or [Google Authenticator](#) rather than **having to go through multiple steps** to authorize OS X as an app.

tommillermachelp.com

The screenshot shows the homepage of the website "Tom Miller-Mac Help". The site has a clean, white layout with a blue header. The main content area features a "Home" section with four images: an iPhone and iPad, a sunset over water, a close-up of an iPhone, and a Mac OS desktop. On the right side, there are two search bars, each with a "Type Keyword" input field and a "Search" button. A pink arrow points to the second search bar. Below the search bars are sections for "RECENT POSTS" and "ARCHIVES".

iTunes Store and You!

<https://support.apple.com/en-us/HT204088>

The screenshot shows the iTunes Store interface. The top menu bar includes 'iTunes', 'File', 'Edit', 'View', 'Controls', 'Store', 'Window', and 'Help'. The main navigation bar contains 'My iTunes U', 'New', 'Playlists', and 'iTunes Store'. The 'iTunes Store' tab is selected. The page title is 'Account Information'. Below the title is the 'Apple ID Summary' section, which includes the following information:

- Apple ID: tdmill@me.com
- Payment Type: MasterCard **** * 8236
- Billing Address: Mr. Tom Miller, 3848 N 9th, Abilene, TX 79603-5542, (325) 6750935
- Country/Region: United States
- Computer Authorizations: 5 computers are authorized to play content purchased with this Apple ID.

A dropdown menu is open from the 'Tom' profile icon in the top right corner. The menu items are:

- Wish List
- Purchased
- Redeem...
- Account Info
- tdmill@me.com
- Sign Out

A pink arrow points from the bottom center of the screen to the 'Account Info' option in the dropdown menu. Other options visible on the page include 'Edit', 'Change Country or Region', and 'Deauthorize All'.

iTunes Purchases

The screenshot shows the iTunes Store account management interface. At the top, there's a navigation bar with the Apple logo, a user profile 'Tom', and a search bar. Below that, the 'Account Information' section is visible, featuring a 'Secure Connection' indicator. The 'Apple ID Summary' section lists details for the user 'tdmill@me.com', including a MasterCard payment method, a billing address in Abilene, TX, and 5 authorized computers. A pink arrow points from the 'Deauthorize All' button in this section to the 'See All' link in the 'Purchase History' section, which shows the most recent purchase on April 15, 2015. The 'iTunes in the Cloud' section shows 5 associated devices and an option to manage them. The 'Settings' section at the bottom allows for creating a nickname, managing alerts, recommendations, subscriptions, and allowances.

iCloud Drive

Its backup storage and sharing!

Before iCloud Drive

The Computer controlled all data and the saving of it!

Where Do I See My Backup iCloud Storage?

What's In iCloud?

What IS Universally Hated?

<http://www.quora.com/What-is-universally-hated>

Nails on chalk board, mosquitos, cutting in line, BO & bad breath, loosing something, Internet down, tangled earphones, clamshell packaging.

Automated voice recognition systems while calling customer service:

"In a few words, please describe what you are calling about?"

"Get a new internet connection."

"Sorry, I didn't get that. In a few words please describe what you are calling us about?"

"Get a new internet connection."

"Disruption in internet service. Is that right? Say, yes or no."

"No."

"I am sorry for the mistake. In a few words please describe what you are calling us about?"

"Get a new internet connection."

"Get your internet disconnected? Is that right? Say, yes or no."

"NO!"

"I am sorry for the mistake. In a few words please describe what you are calling us about?"

"Representative."

"Before, I can get you to a representative, I just need to collect a little information. Can you describe, in a few words, what you are calling us about?"

<Hang up the phone.>

Contact List

All phone numbers must be 10 digits

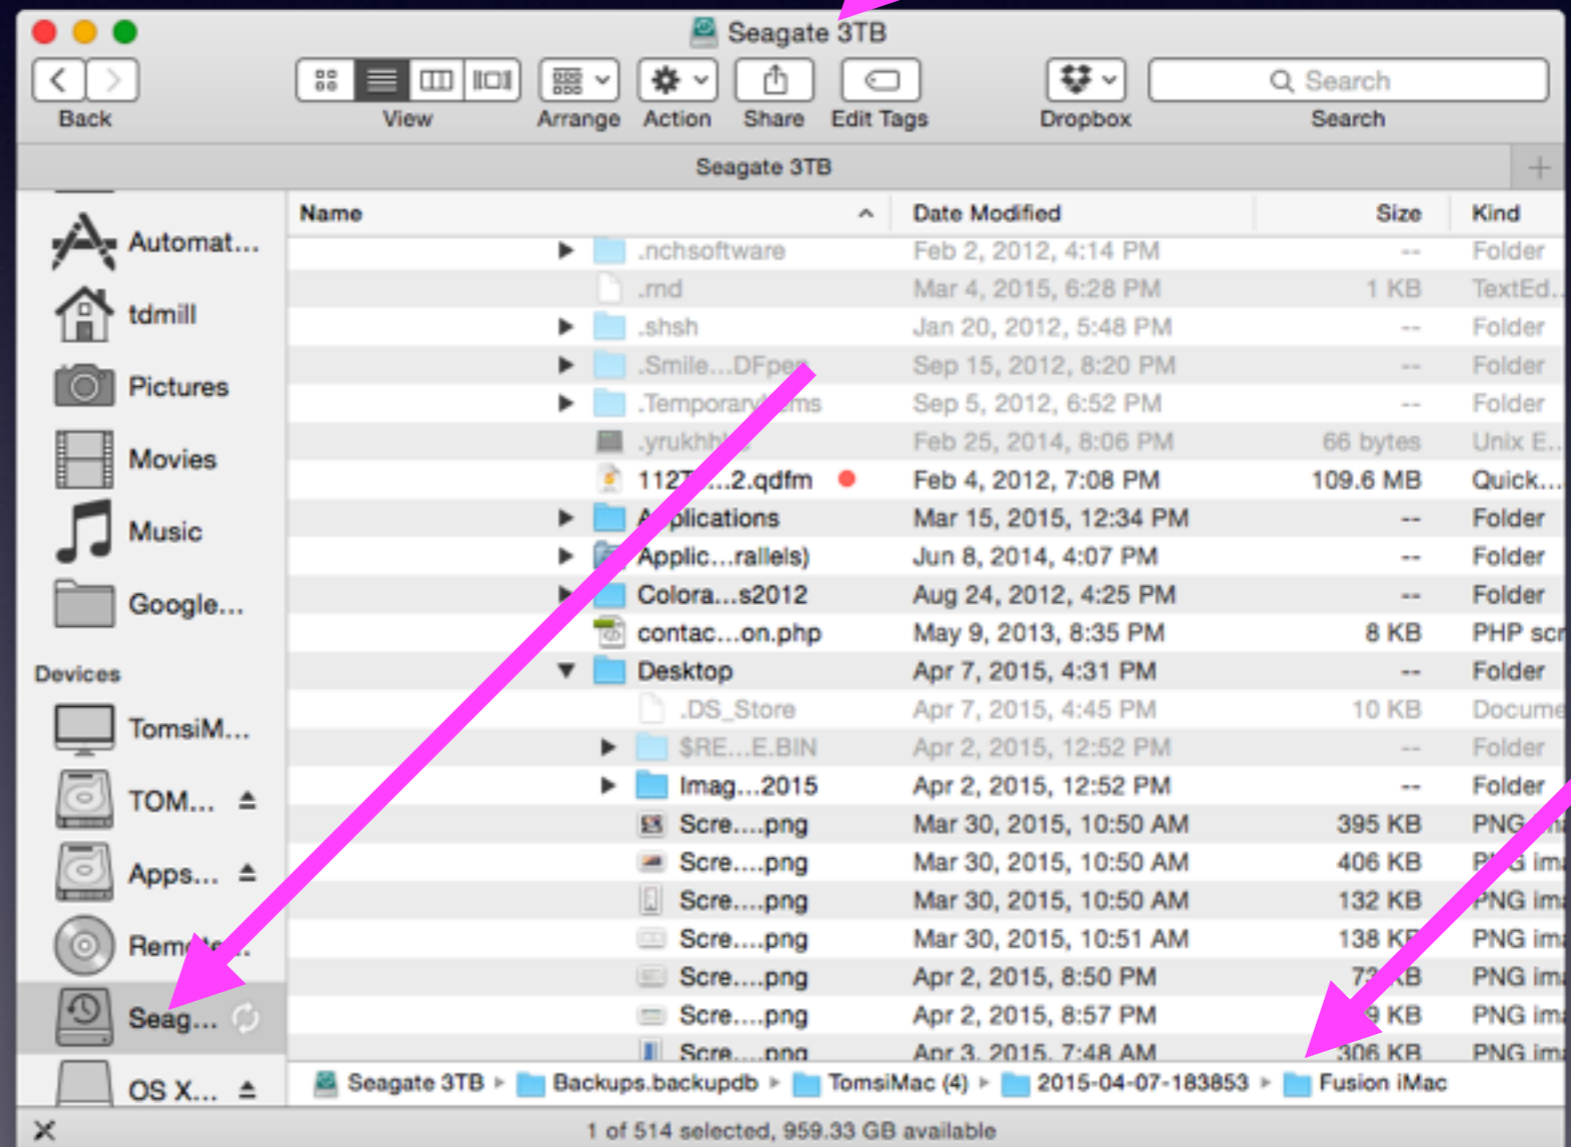

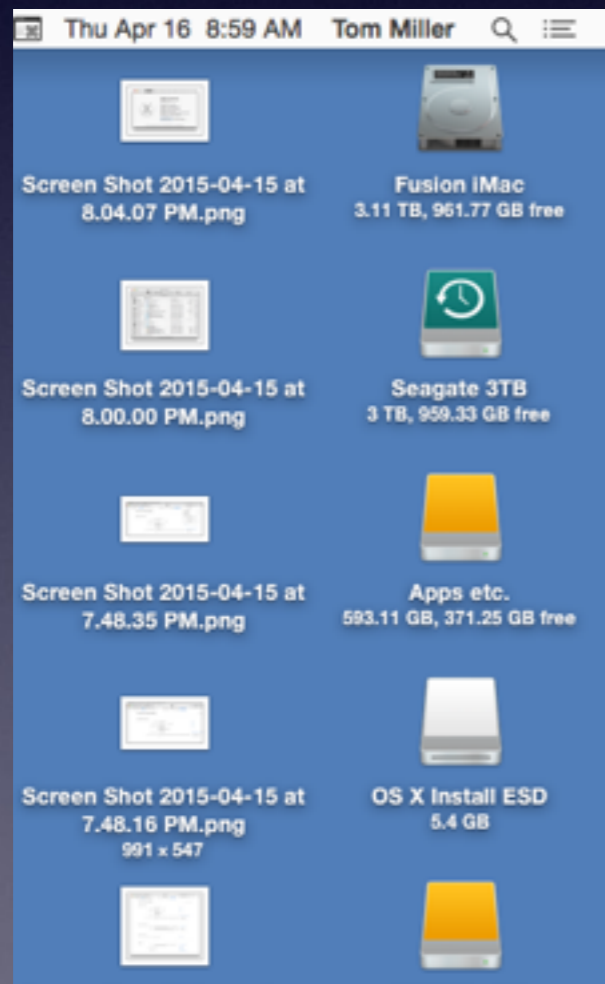

Sending an iMessage from a computer needs 10 digits!

The screenshot shows the Contacts application interface. On the left is a sidebar with a list of contact groups: All Contacts, iCloud (All iCloud, Business, MacUser, untitled group), On My Mac (All on My Mac, MacUser), gmail.com (All gmail.com), tdmill_2000@yahoo.com (All tdmill_2000@yah...), Smart Groups, and Last Import. The 'MacUser' group is selected. The main pane shows a search bar and a list of contacts: Bill Emery and Tom Miller. 'Tom Miller' is selected and highlighted in red. The right pane shows the details for Tom Miller, including a profile picture of a cat, his name, and two phone numbers: 'home 675-' and 'iPhone 518-'. Both numbers are redacted with blue bars. Below the numbers are icons for 'call', FaceTime, and Audio. Further down, there are sections for 'oth', 'home' (with address 'Abilene TX 79603 United States'), 'cards' (On My Mac, iCloud), and 'note'.

Time Machine

You can restore directly from the Finder.

You can use Migration Assistant to restore your computer.

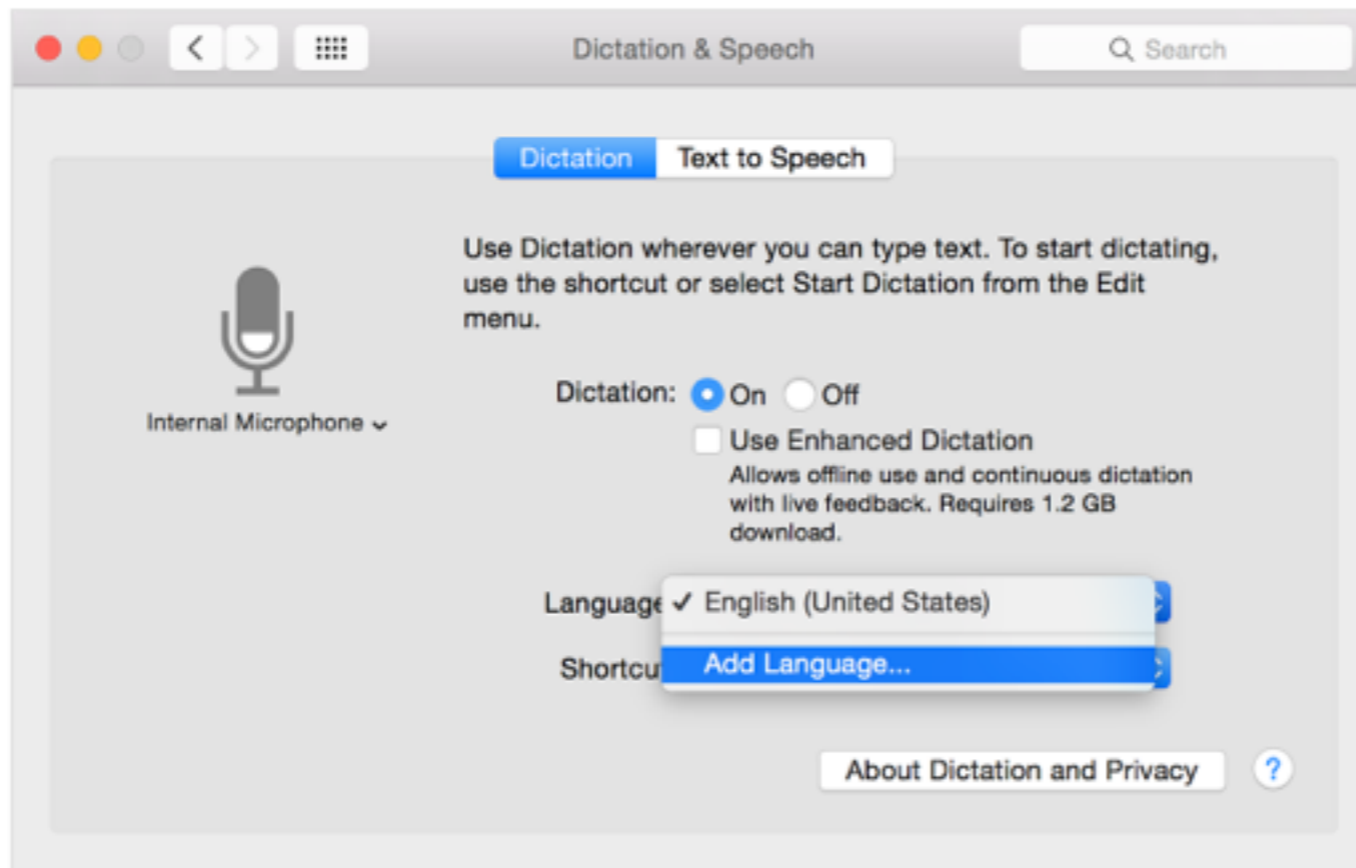

Speaking To Your Mac

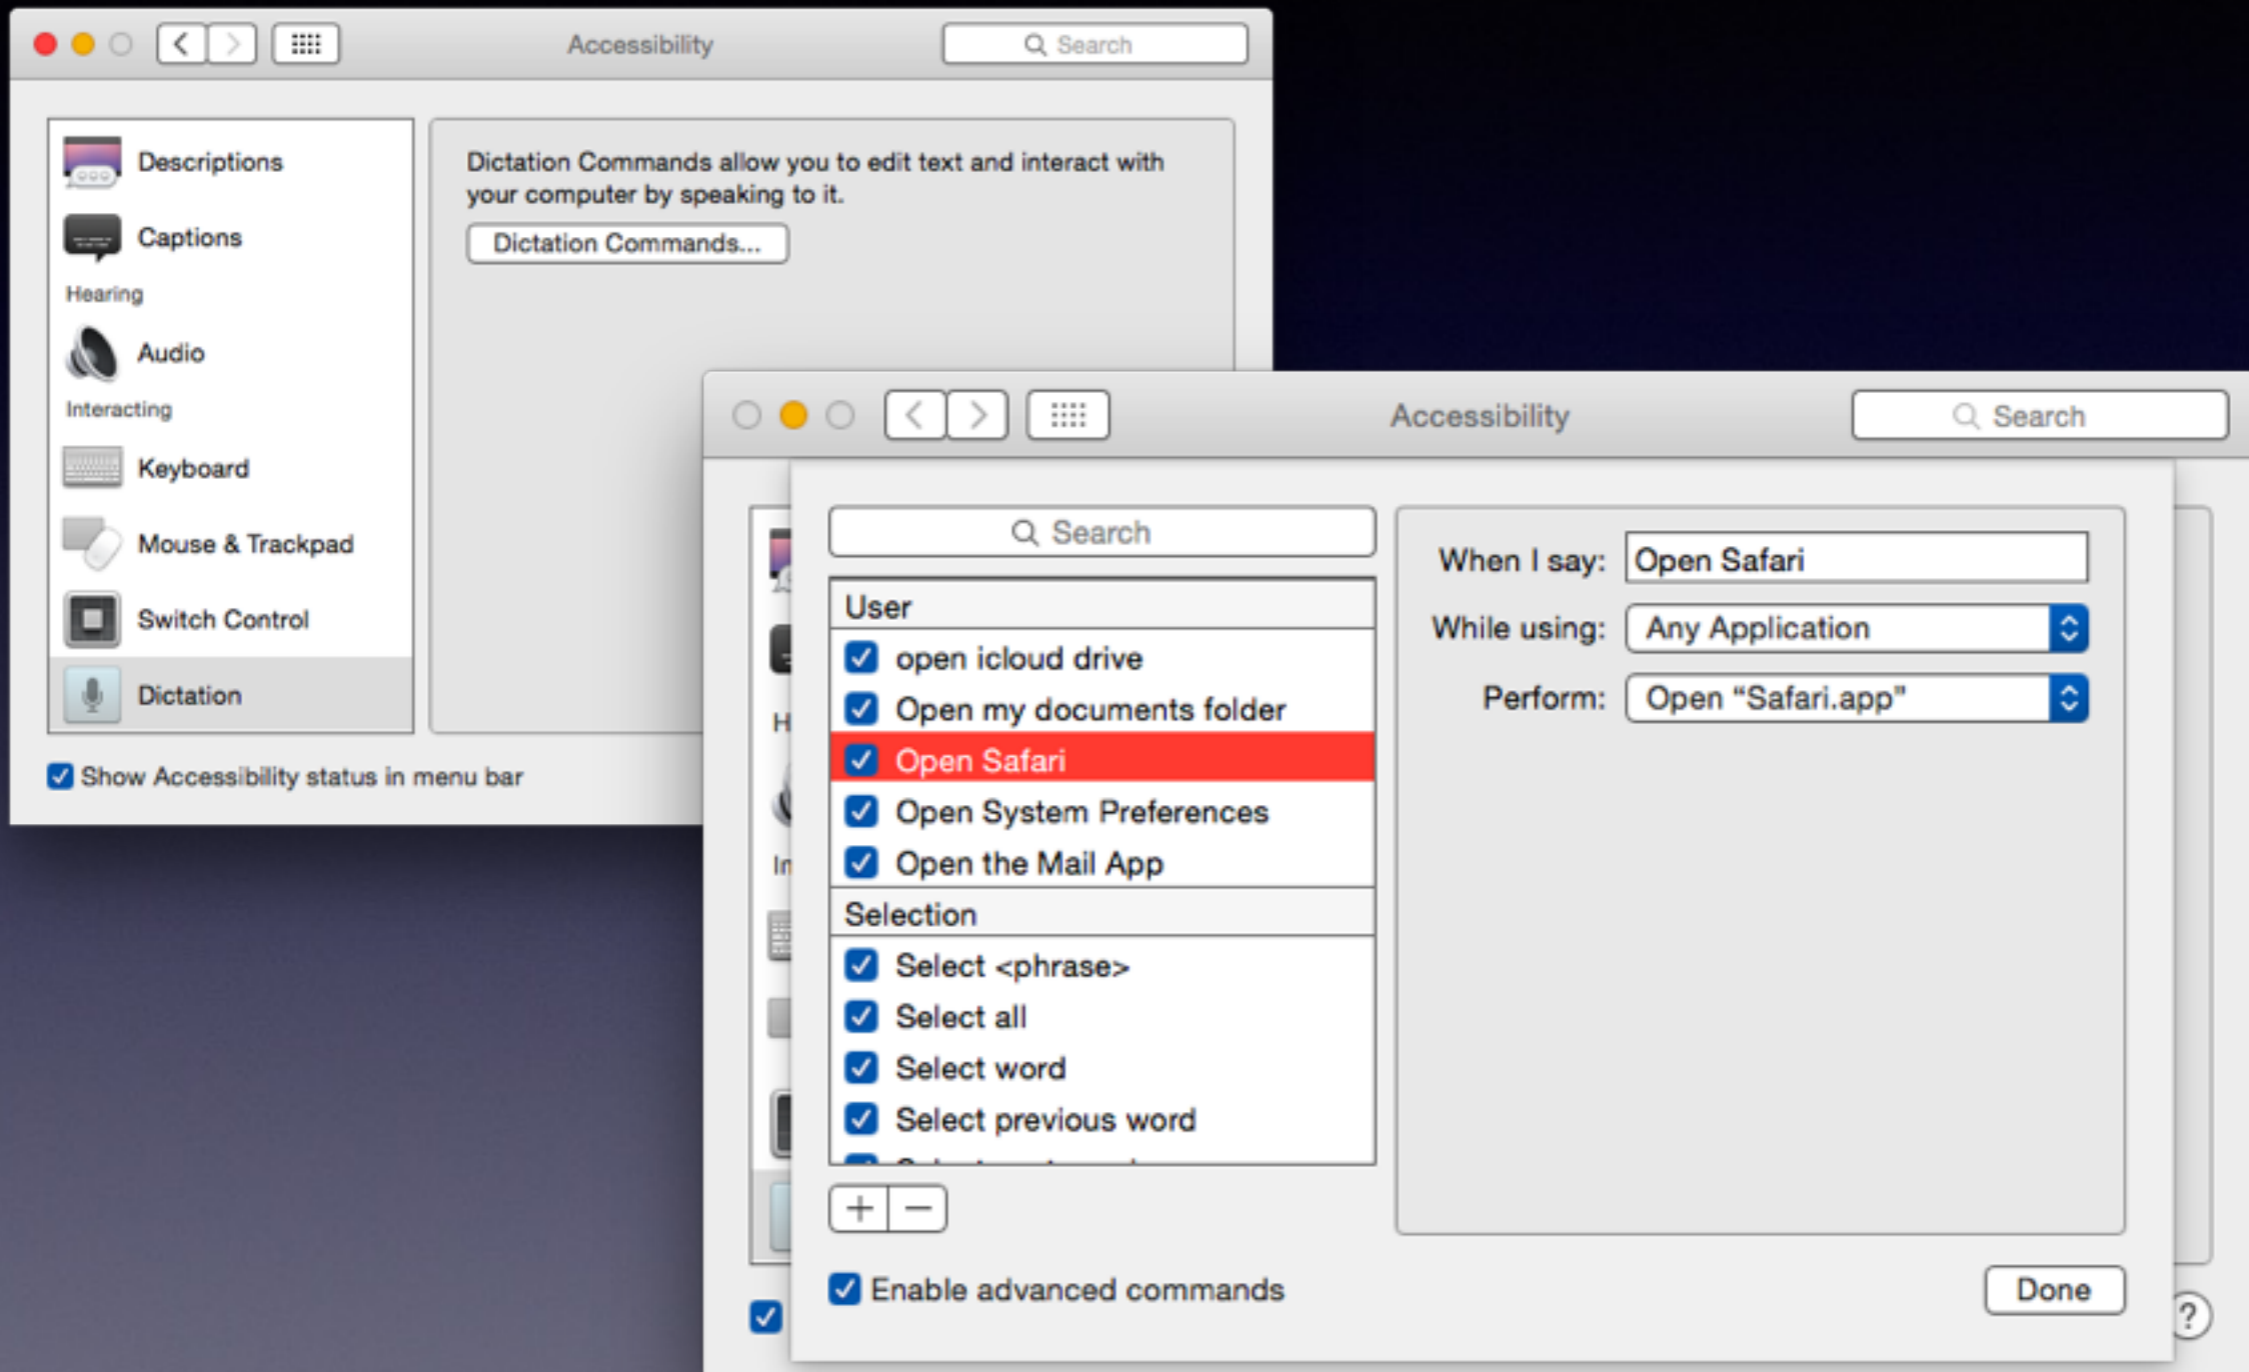

<https://support.apple.com/en-us/HT202584>

Accents, dialects and languages

The more you use Dictation, the better it understands you. Dictation learns the characteristics of your voice and adapts to your accent. For best results, select your dialect from the Language menu in the Dictation pane of System Preferences. Note that some languages (such as English) have multiple options available to choose from.

Using Commands with Dictation!

Should I Disable My iSight Camera?

<http://www.howtogeek.com/210921/how-to-disable-your-webcam-and-why-you-should/>

There are cases where spying do exist!

The cases in this article deal with Windows computers.

Apple takes all security threats seriously and plays the cat and mouse game effectively.

Is Mac OS X Secure From Malware, Spyware, Adware etc.?

<http://www.howtogeek.com/210589/mac-os-x-isn't-safe-anymore-the-crapware-malware-epidemic-has-begun/>

Mac is safer than a Windows computer.

So far there have not been a known viruses.

We are now seeing malicious software being downloaded to Mac OS X.

Most Malware attacks the browser when connected to the Internet.

Do not download software from anyplace but Apple.

Trust your Apple Mail Junk Folder!

What is GateKeeper?

<https://support.apple.com/en-us/HT202491>

OS X: About Gatekeeper

Gatekeeper helps protect your Mac from apps that could adversely affect it.

Some apps downloaded and installed from the Internet could adversely affect your Mac. Gatekeeper helps protect your Mac from such apps. Read this article to learn about Gatekeeper and its options.

Gatekeeper is a new feature in Mountain Lion and OS X Lion v10.7.5 that builds on OS X's existing [malware checks](#) to help protect your Mac from malware and misbehaving apps downloaded from the Internet.

The safest and most reliable place to download and install apps is via the Mac App Store. Apple reviews each app before it's accepted by the store, and if there's ever a problem with an app, Apple can quickly remove it from the store.

Gatekeeper Cont.
