Be Very Careful What You Do!

Your identity and personal safety are at risk!

Make Sure Your iPad & iPhone Are Locked!

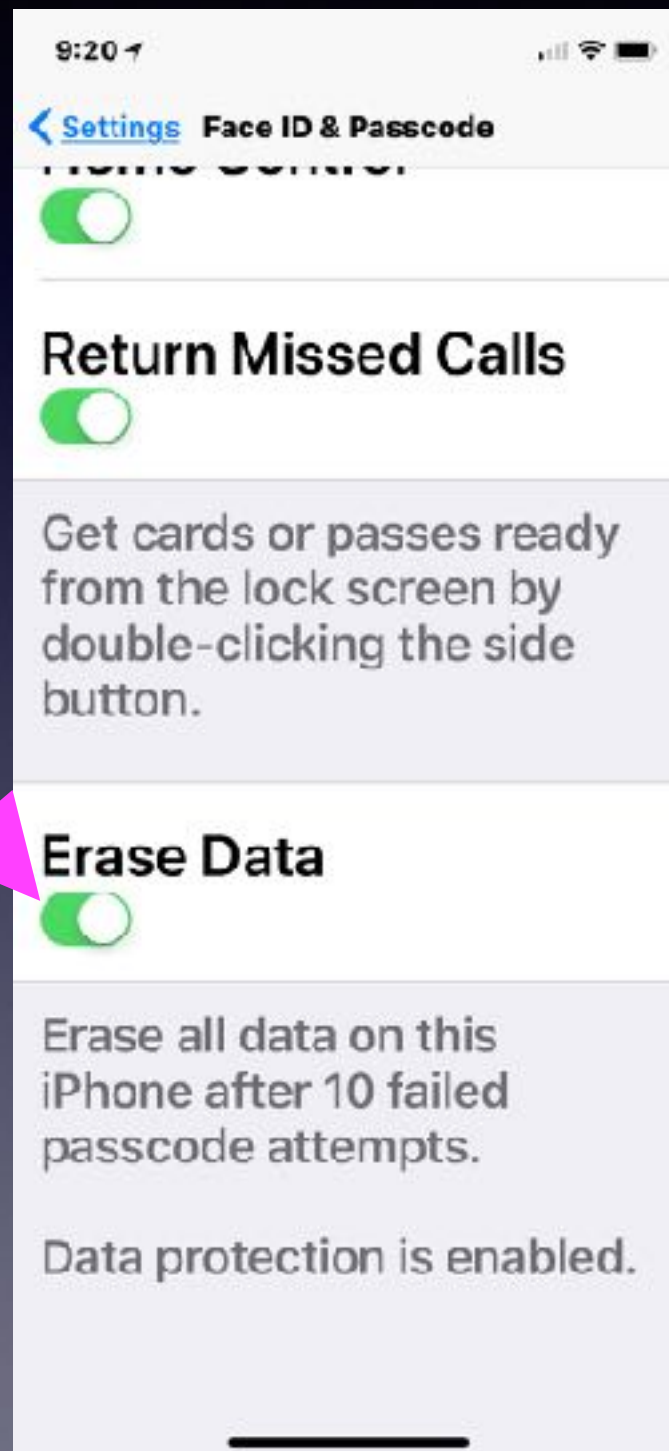

**Always require a Passcode
(password)!**

Be very
deliberate.

Perhaps
share passcode
with one other
person!

As A Safety Precaution...!

**Apple knows
that you
have
very important
info on
your iPhone/iPad
whether you
realize it or not!**

Charge All The Time Charge Any Time!

It is too dangerous to have a dead battery!
You can't overcharge a lithium ion battery. New iPhones have them.

Purchase A Car Charger!

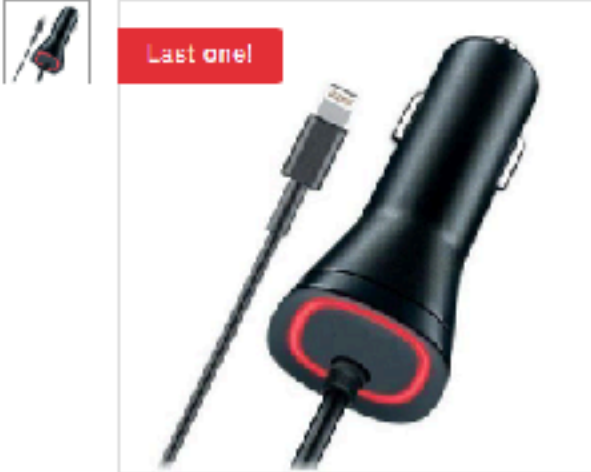

Amazon and Ebay have them. Don't get caught without a charged iPhone!

Purchase a Backup Battery!

Backup batteries come in all sizes!
They will get you by...temporarily.

Purchase iPhone Case With Added Battery!

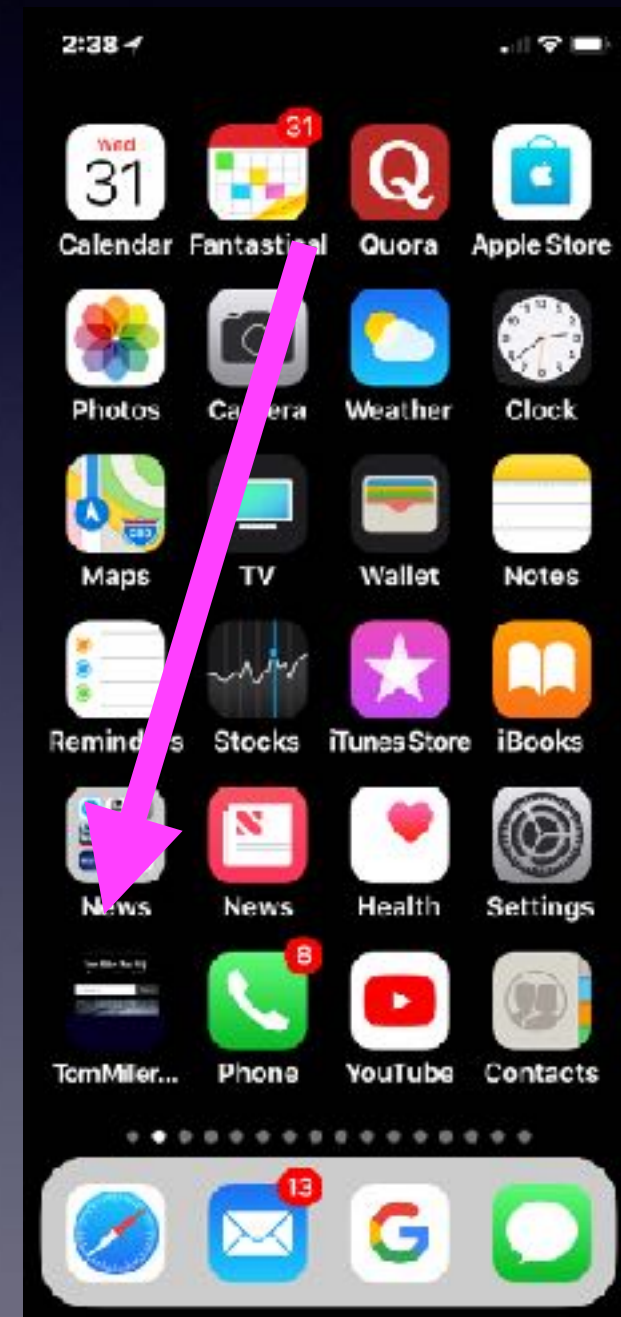

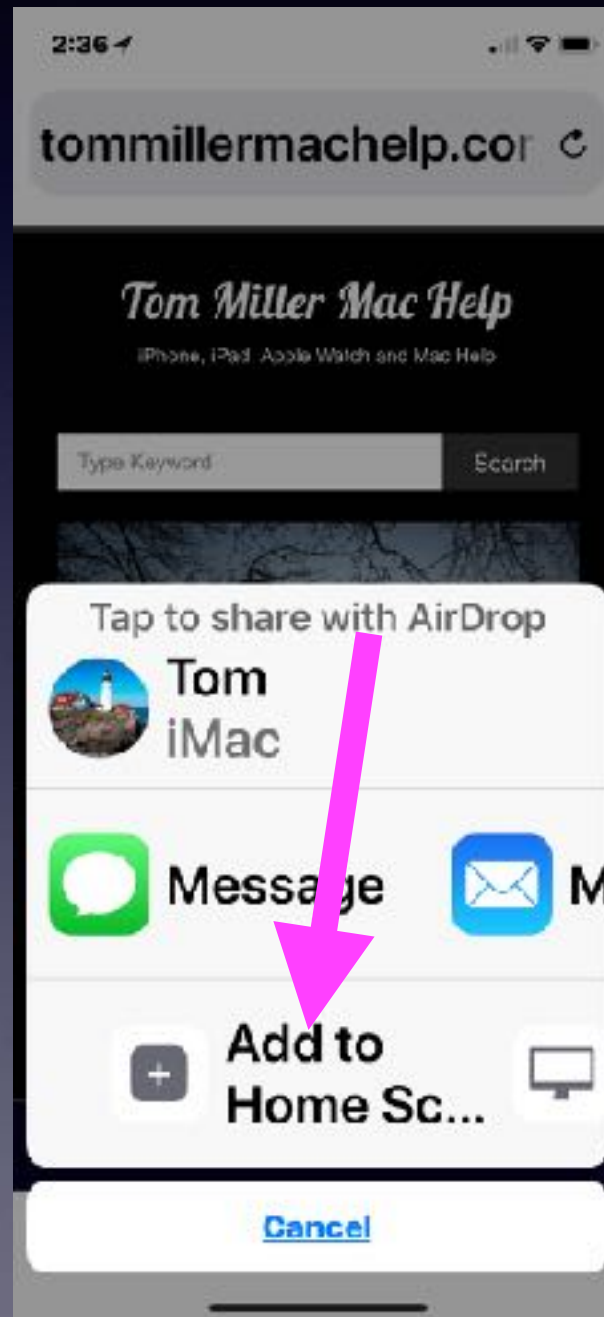

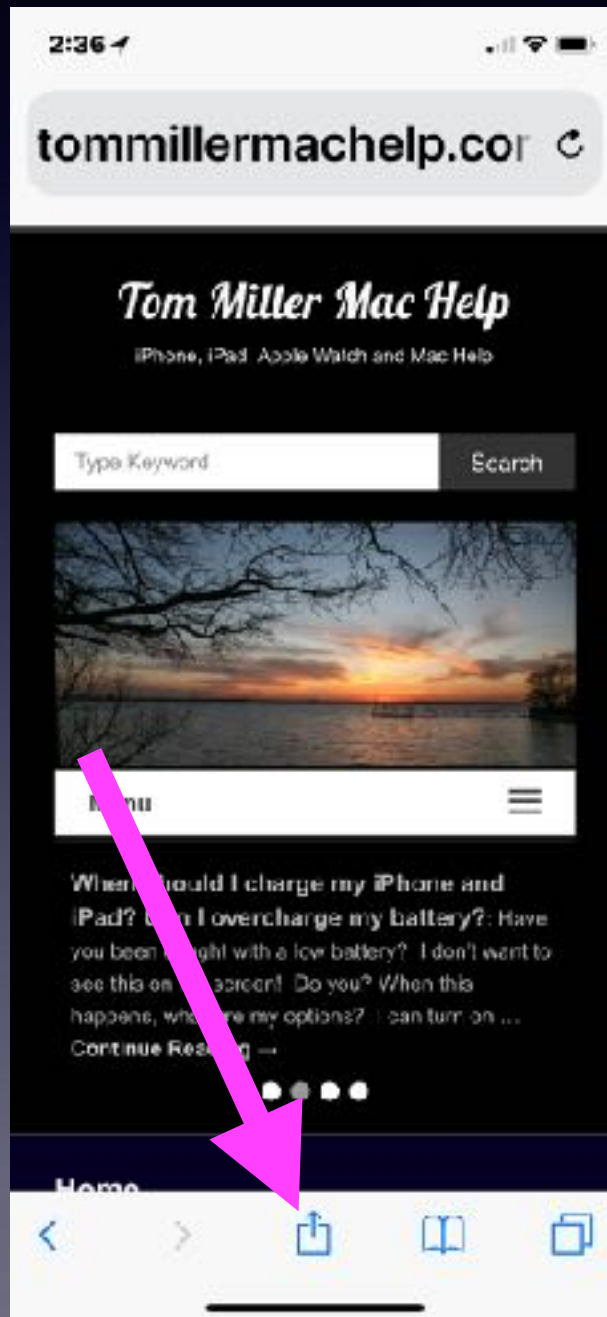

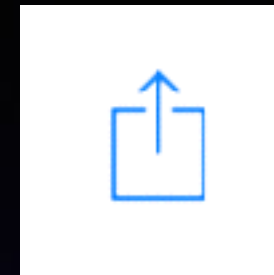

Mophie Case is one brand!

Add Frequently Used Websites To Your Home Screen!

The blue box with the up arrow lets you do many things!

iPhone Can Be Friend or Foe!

Consider the difficulty of doing two things at once!

Texting and driving.

Talking and driving.

Washing dishes and talking.

Texting while walking.

Unloading at a dock while listening with earphones.

This device is destroying our city!

Learn One New Tip A Day!

The best tip! Use the TipS app!

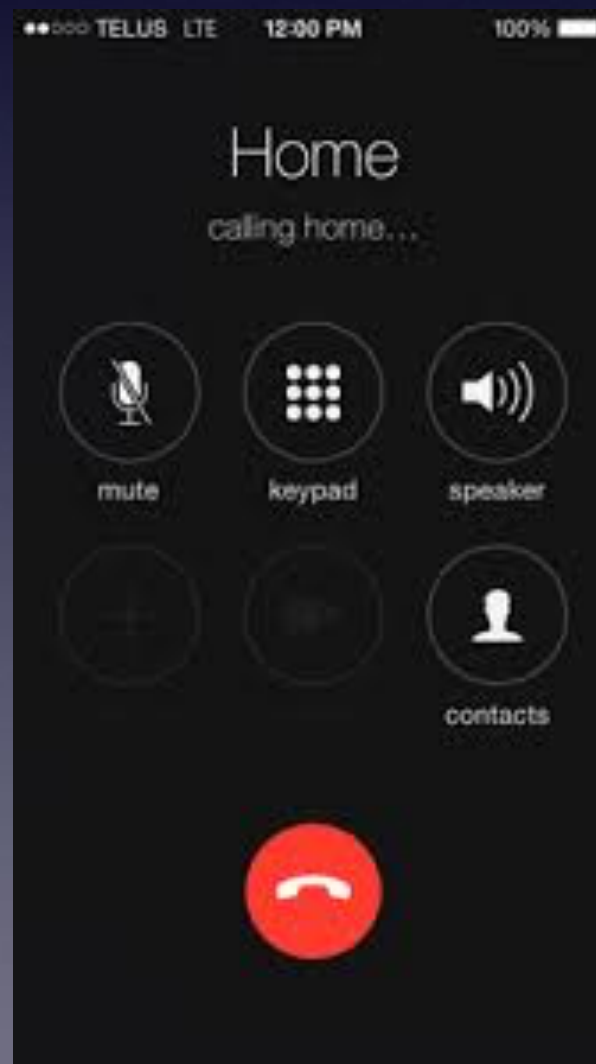

Wallpaper Can Make For Difficult Reading!

Notice how easily readable the text is on a black background!

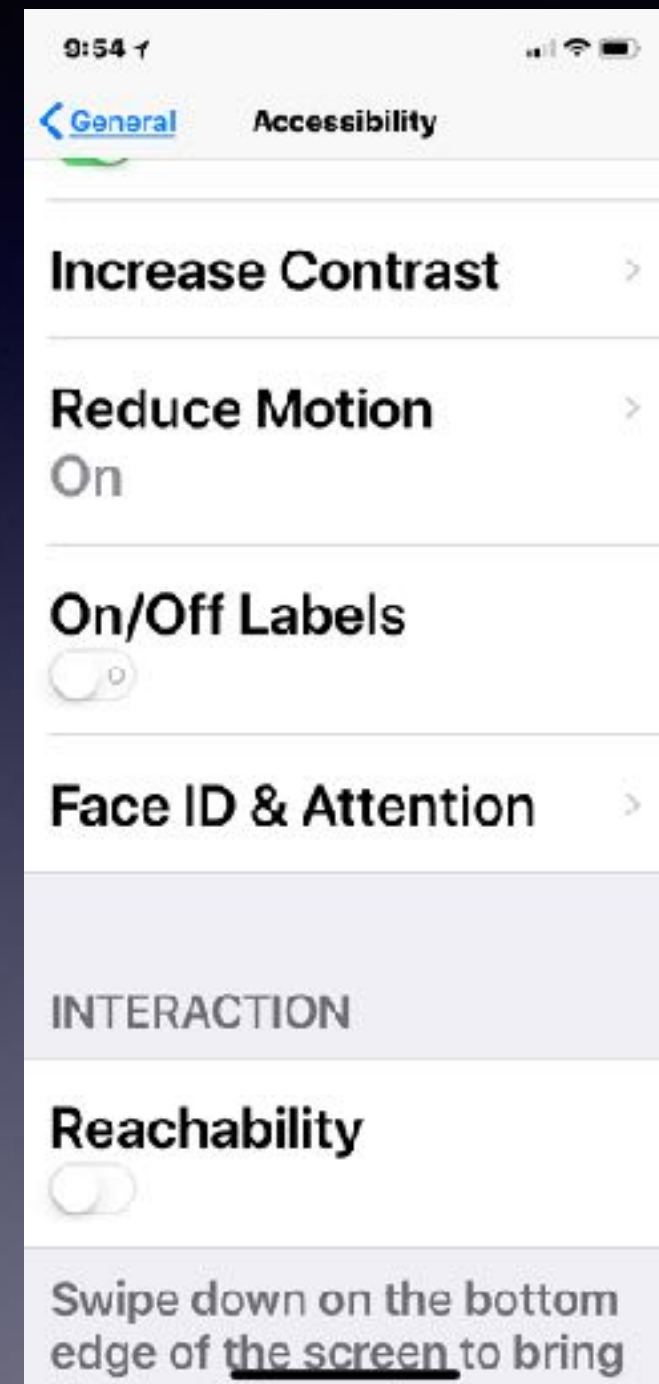

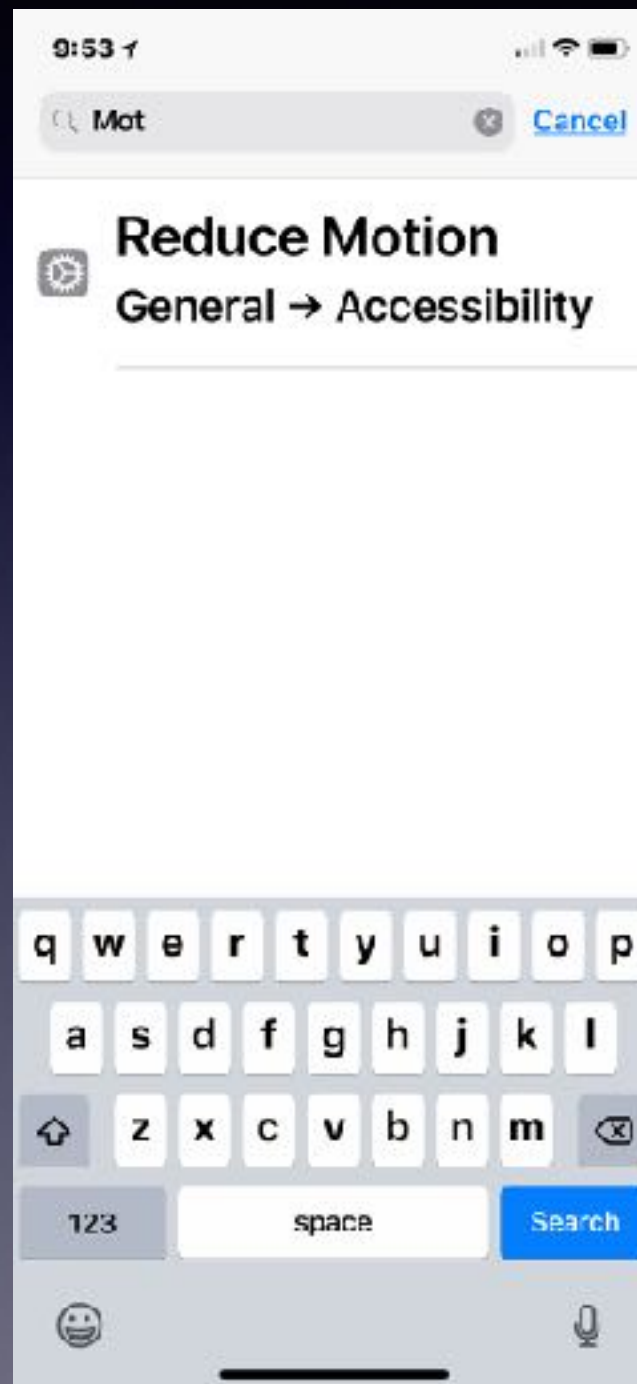

Accidental Dialing (Butt Dial)

If you receive a call...and that is the last app open
you can easily redial.
Move to the Home Screen.

Search For A Setting

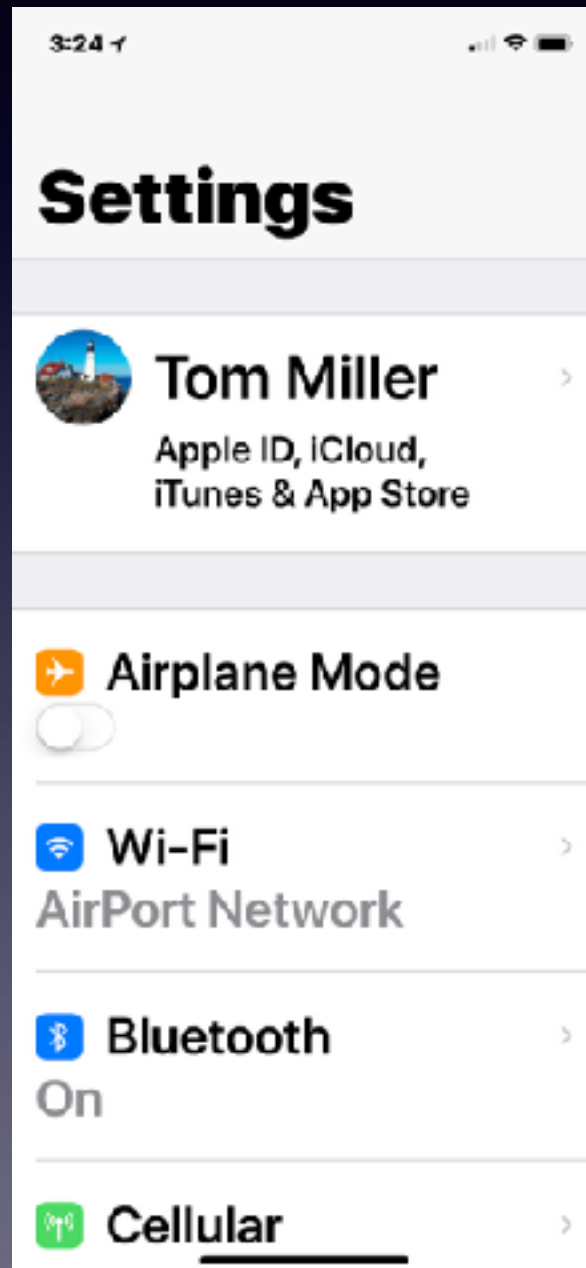

Make Sure Your Identity Is On Your iPhone!

Not the one who gave it to you.
Not the one who set it up for you.
Not your spouse even though you have the same account!

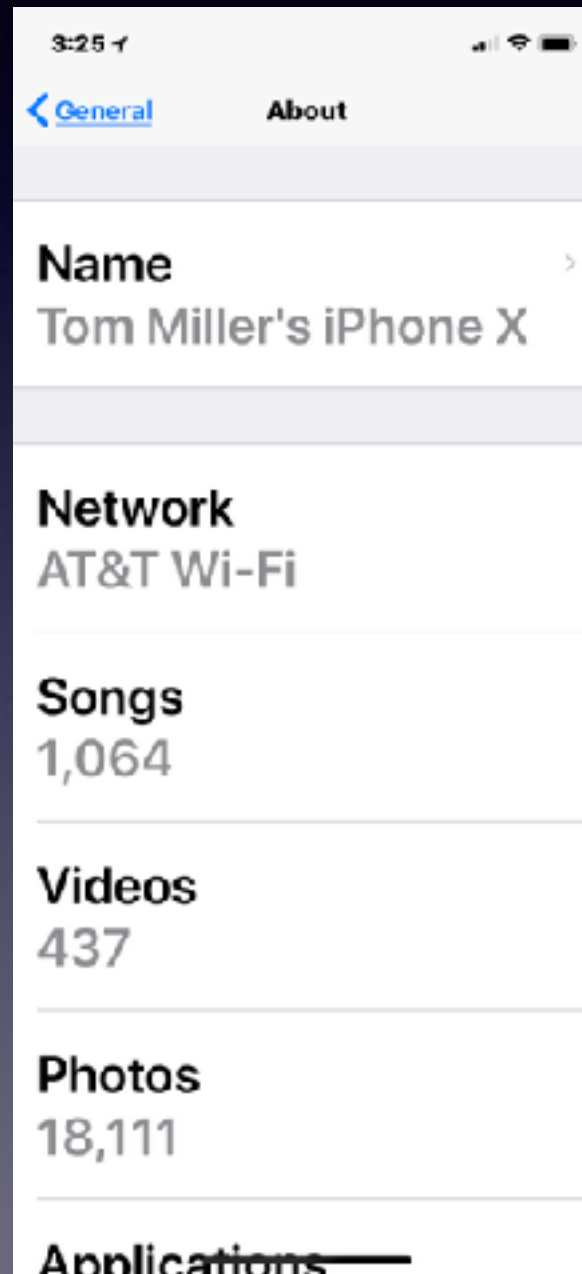

Three Places To Check Identity!

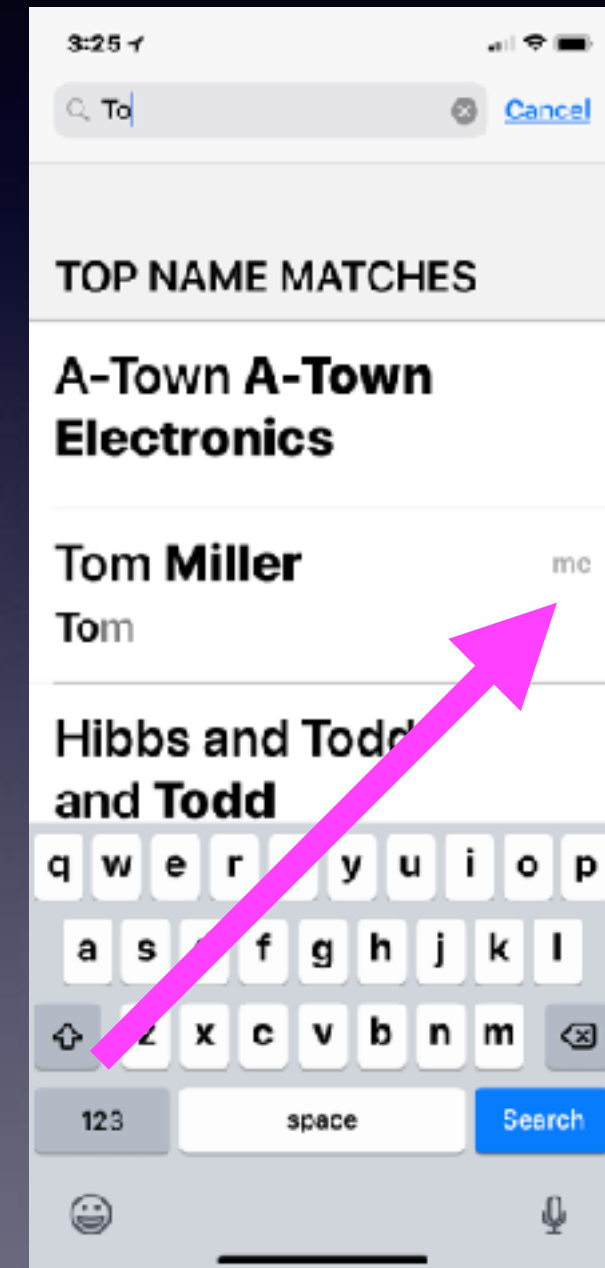

Your iCloud Account

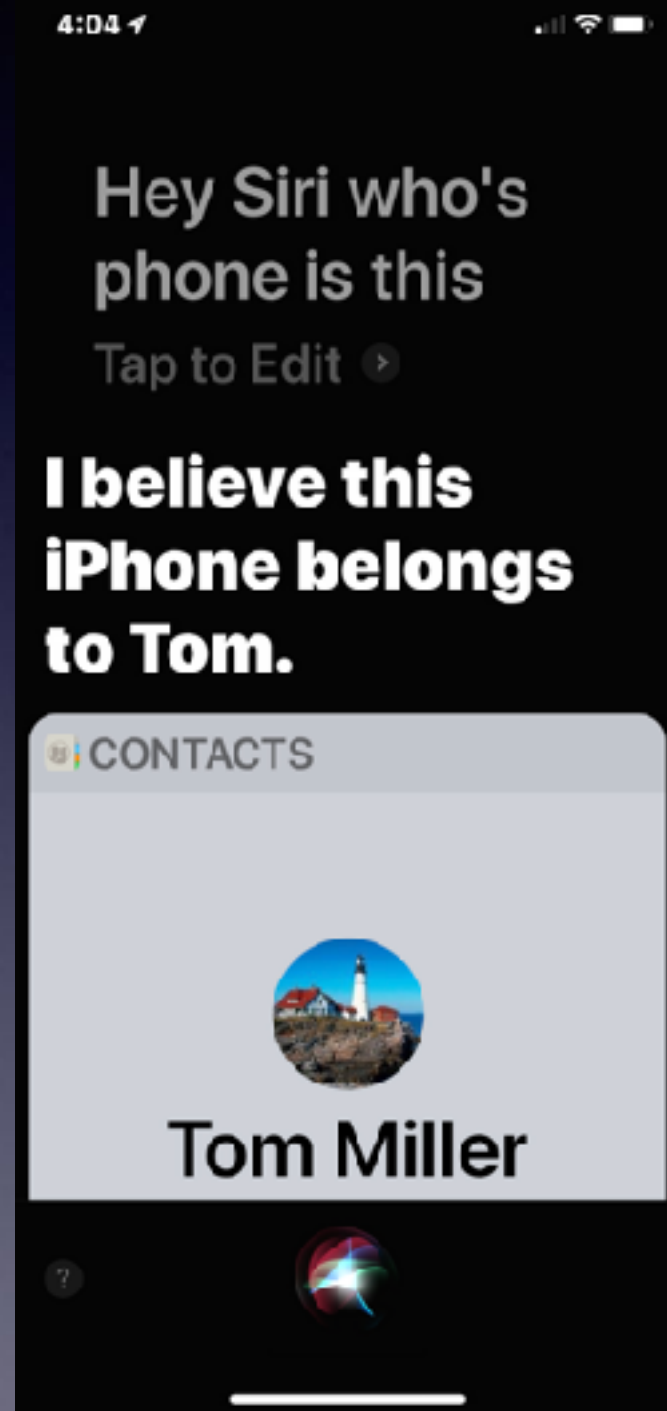

General then About

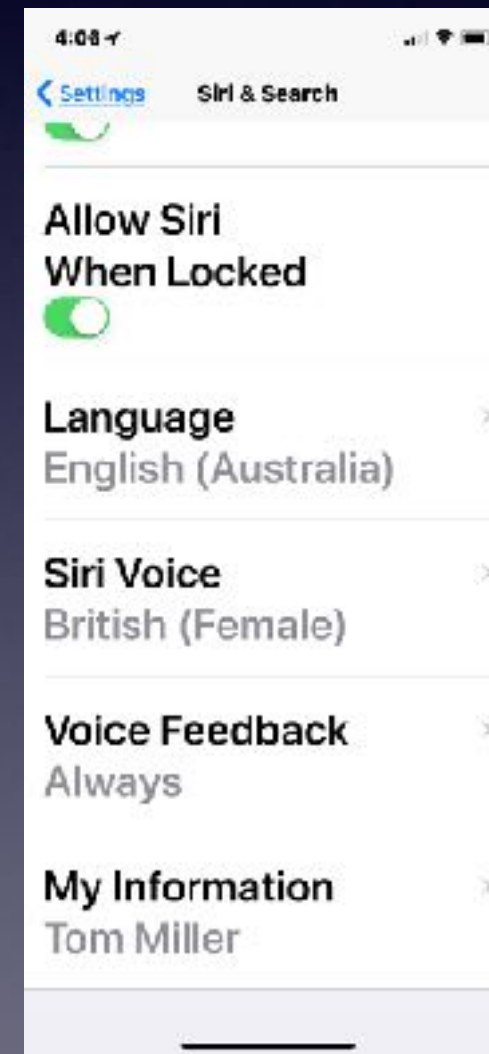

Your contact should show "me".

Who's Phone Is This?

If your identity is established, Siri will know to whom this iPhone belongs.

Lock Your Wi-Fi

Your Wi-Fi can be stolen. You pay Suddenlink and others steal it.

Three Important Buttons

Top one toggles to turn off ringer.

Bottom two control the volume up & down.

Either volume button will allow you to click the shutter button when in the camera app.

Volume down button will silence and call and send it to voice mail.
