Making Life Simpler Winters Public Library

Don't Disturb, OK?

Text me!

*Call me anytime as long as you do not begin the conversation with, "I know this may be a dumb question..."

Some asked me if I were serious! Yes, yes, yes, yes!

You Can Always Call Me!

If I cannot answer or if you are not in my contact list; if you leave a message I will return your call!

"He's not serious, is he?"

Your Speech May Be Difficult For iPhone! How does the phone unders

How does the iPhone understand accents across all parts of the country? Or languages?

Siri Has Difficulty Understanding Accents! But she is learning!

Boston, Southern, British, Minnesotan

Dear Apple,

Before your next upgrade to the iPhone, please help Siri get her <u>Southern</u> on. Send her to an SEC game, a crawfish boil, and maybe a cotillion. Feed that girl some catfish and <u>fried green</u> <u>tomatoes</u>, for heaven's sake. In all honesty, we think she would be happier with a Southern name like Lillian or Annabelle or maybe something double like Celia June. And tell her it's a little rude to rush right in there and ask why we're pestering her. She should start by asking about the family and inquiring as to our health—maybe swap a couple of recipes. It's not just our own convenience we're concerned about. It's Siri's well-being. Don't you want the Charleston Junior League to think she was raised right? She'll never pass for a Kappa without a little more polish.

Sincerely, A Misunderstood Customer in Alabama

How to Set Up Your iPhone Mail Signature - Lifewire

https://www.lifewire.com > How To > iPhone & iPod > Tips & Tricks *

Feb 13, 2018 - Here's how to set up an email signature that automatically shows up at the end of each of your outgoing emails on your iPhone or iPad: Open the Settings app on the iPhone or iPad Home screen. Scroll down and tap Mail. Locate and tap Signature at the bottom of the screen in the Composing section.

Add Signature To Email
