AppleSerialNumberInfo.com would not be possible without user contributions. We'd like to give back. This spot will feature resources that do things worth mentioning to help out the Apple community and that will benefit the visitors of this website. Presenting:

Hrutkay Mods is a youtube channel run by Greg Hrutkay. You'll find videos there that can help you get the most out of your older Mac in terms of upgrades and updates. Most well known for his Mac Pro series and PowerPC series this channel is definitely worth checking out. With over 160 videos to keep you busy for a while and plenty more to come. [Click here to visit the Hrutkay Mods channel.](#)

Hands down the best resource on social media for Mac Pro users, this is where you go for questions about upgrades and getting the very most out of your Mac Pro. With 9000 members and counting you won't find another group this full of professionals willing to help you with any Mac Pro question you may have. [Click here to visit the MacProUpgrade Facebook group.](#)

LATEST NEWS AND UPDATES

September 2018:

Updated maximum supported OS version for all iOS devices. This will make it easier to see if your device is compatible with the new iOS 12.

+++

Added information submit forms for the new iPhone XR, Xs and Xs Max.

+++

July 2018:

Updated support status for Vintage and Obsolete products.

+++

June 2018:

Added information about Apple's latest Exchange and Repair Extensions program that affects MacBooks and MacBook Pros with butterfly key mechanisms. These butterfly mechanisms are notorious for failing. This new program is mentioned at the bottom of this page and looking up the serial number of an affected product will also alert there is a repair program available.

+++

Updated support status for Vintage and Obsolete products.

+++

Some 2008/2009 or newer MacBooks, MacBook Airs, MacBook Pros, Mac minis, Mac Pros and Xserve models now show an unofficially supported maximum OS. Thanks to a 3rd party patcher these old machines can run macOS Sierra or High

REPAIR PROGRAM

iPhone 8 Logic Board Replacement Program

- Apple has determined that a very small percentage of iPhone 8 devices contain logic boards with a manufacturing defect. Affected devices may experience unexpected restarts, a frozen screen, or won't turn on.

[View program details.](#)

iPhone 6S Program for Unexpected Shutdown Issues

- Apple has determined that a very small number of iPhone 6s devices may unexpectedly shut down. Select devices manufactured between September and October 2015.

[View program details.](#)

REPAIR PROGRAM

Keyboard Service Program for MacBook and MacBook Pro

- Apple has determined that a small percentage of the keyboards in certain MacBook and MacBook Pro models may exhibit issues.

[View program details.](#)

Multi-Touch Repair Program for iPhone 6 Plus

- Apple has determined that some iPhone 6 Plus devices may exhibit display flickering or Multi-Touch issues after being dropped multiple times on a hard surface and then incurring further stress on the device.

[View program details.](#)

REPAIR PROGRAM

13-inch MacBook Pro (non Touch Bar) Battery Replacement Program

- Apple has determined that, in a limited number of 13-inch MacBook Pro (non Touch Bar) units, a component may fail causing the built-in battery to expand.

[View program details.](#)

REPAIR PROGRAM

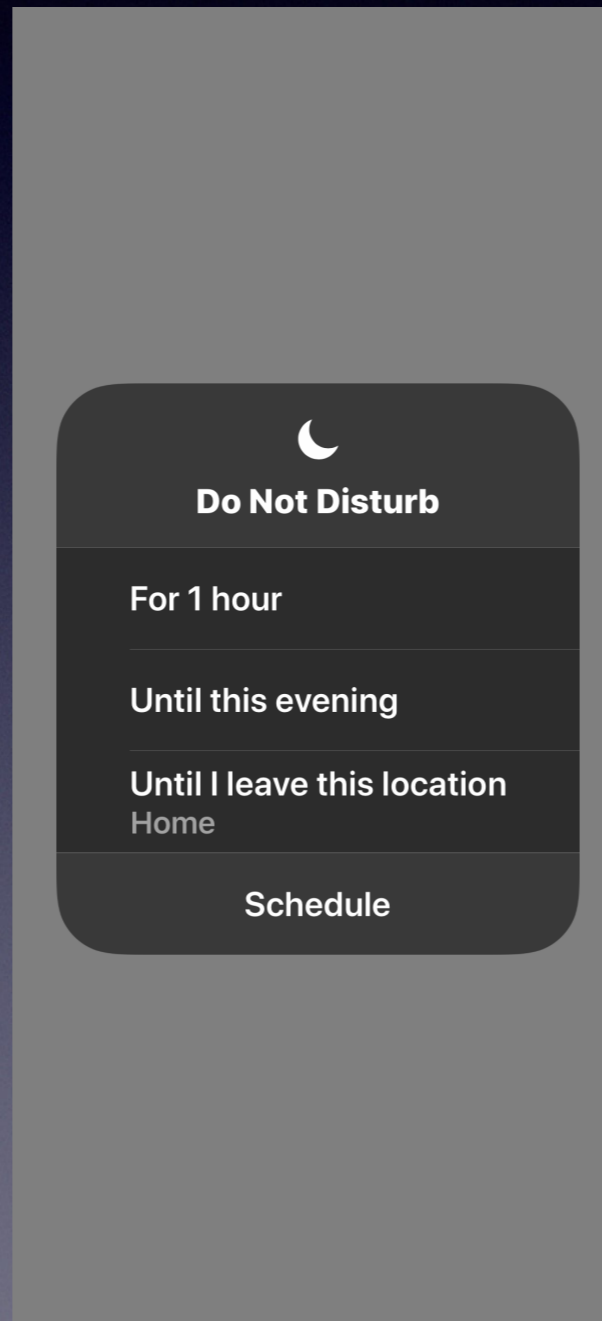

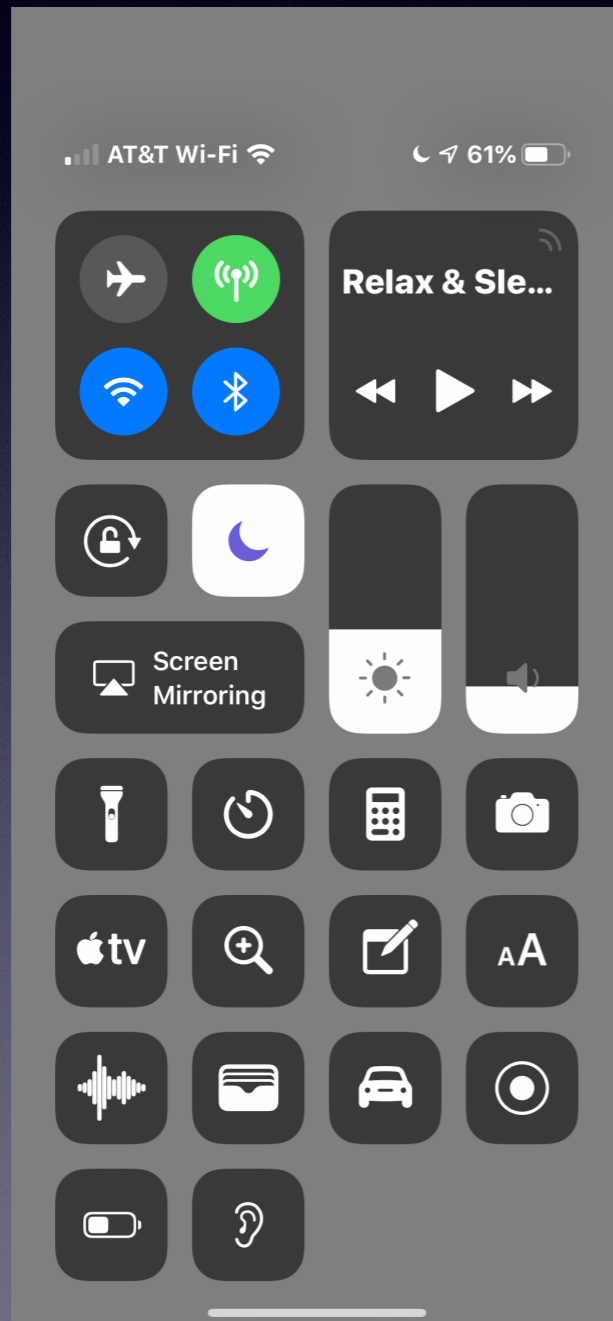

iPhone 7 Repair Program for "No Service" Issues

- Apple has determined that a small percentage of iPhone 7 devices may show "No Service" in the status bar (even if cellular coverage is available), due to a component that has failed on the main logic board.

Suspect using Taylor County Sheriff's Officer to pull off 'jury duty scam'

Tuesday, October 16, 2018

Jamie Burch

The Taylor County Sheriff's Office wants to alert you about a scam using their name.

Someone is calling people claiming to be Sgt. Martin from the Taylor County Sheriff's Office.

ABILENE, Texas — The Taylor County Sheriff's Office wants to alert you about a scam using their name.

Someone is calling people claiming to be Sgt. Martin from the Taylor County Sheriff's Office.

They tell whoever answers the call that they did not show up for jury duty. They must pay a fine or will be arrested.

"This is a scam," the sheriff's office said. "We never call anyone telling them to pay fines or go to jail."

Battery Myths

12 Mistakes You Make While Charging Your iPhone Or iPad!

<https://www.youtube.com/watch?v=HPcy3onpRFo>

iPhones do so many things. Batteries can't keep up with the work load!

I need to charge my iPhone to the max before using it for the first time. 40% to 80% is what is when you get it. Something must be wrong.

I can't use my iPhone while charging.

Different brand chargers will kill your phone.

Turning phone off will damage the battery.

Train your battery to last longer. Drain to 0%

Not charging overnight. They know when to stop.

Putting battery (iPhone) in freezer will prolong life.

Turn off running apps in the background.

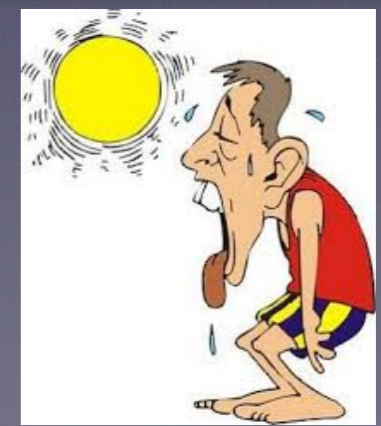

Don't leave charger plugged into my iPhone after full charge.

I can overcharge my MacBook Pro. Overheating is the problem.

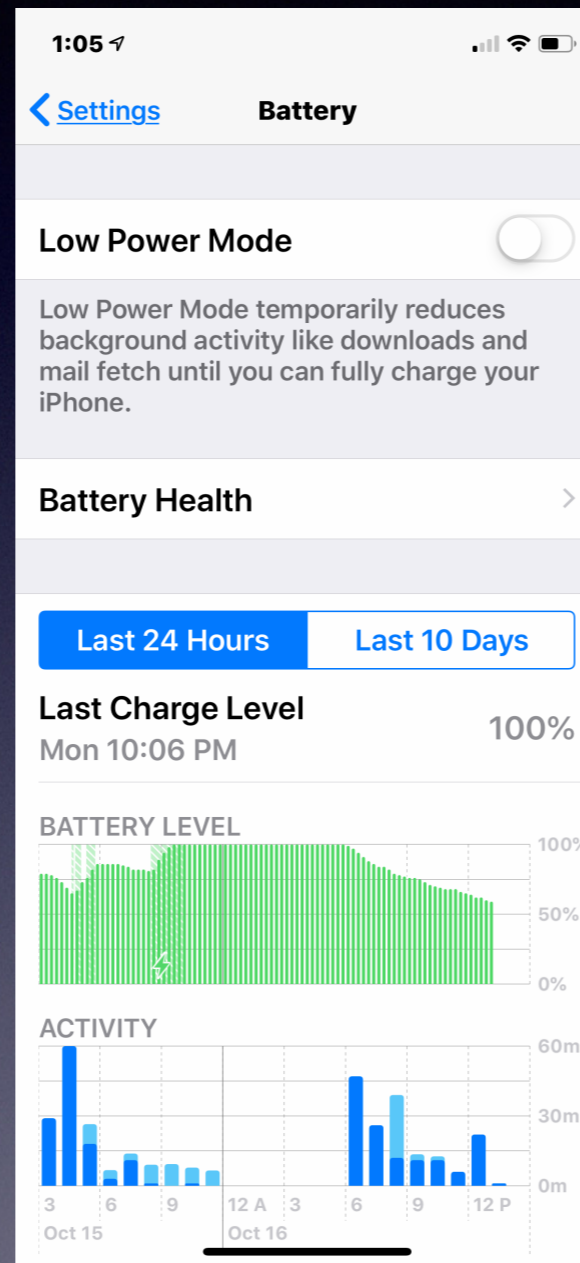

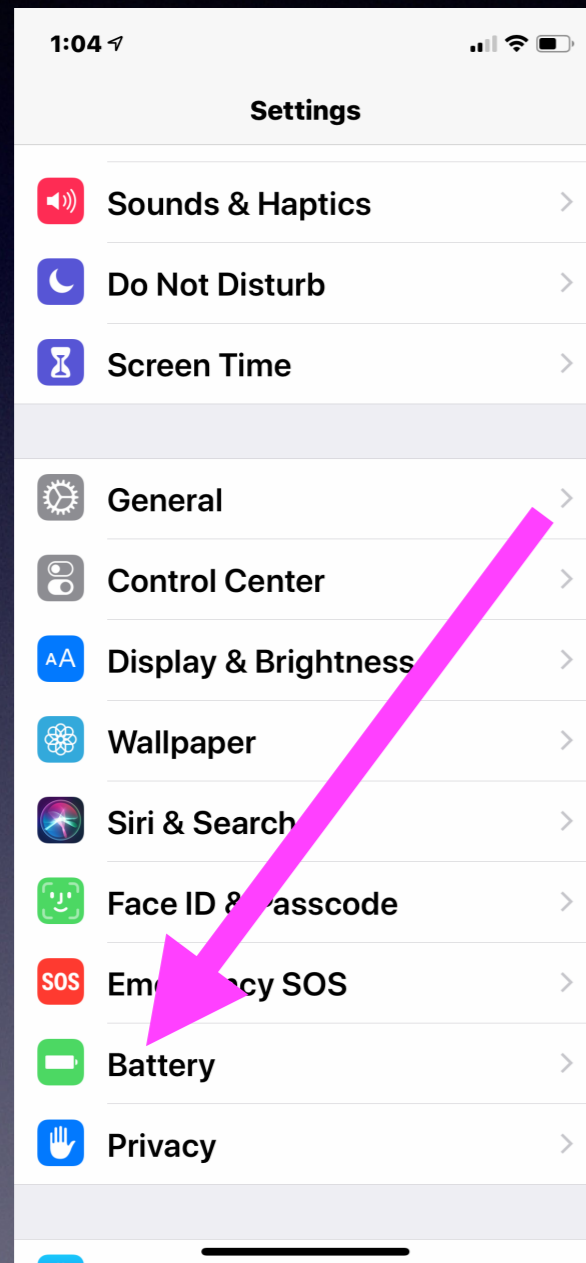

Internet will run the battery down the fastest.

Too cold and too hot are very hard on batteries.

IOS 12 Shows Battery Life and Usage!

Why Does My Battery On My iPhone Die So Fast?

why does my iphone battery die so fast

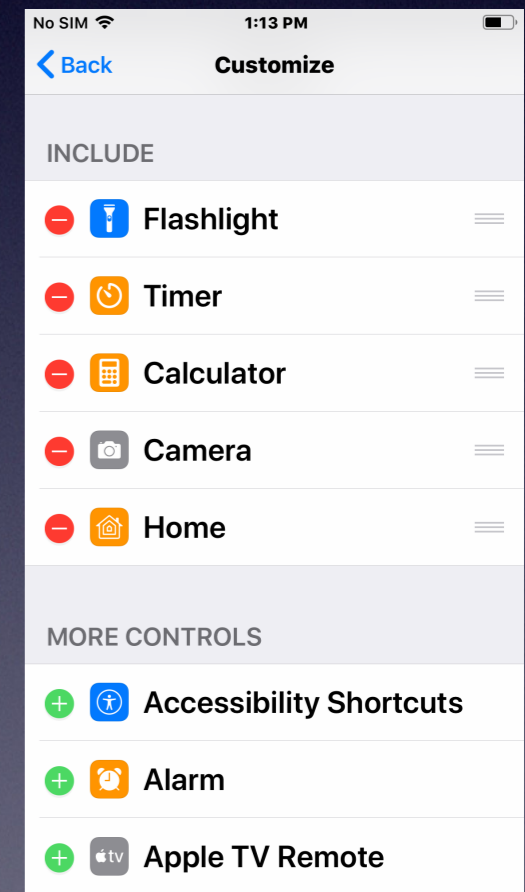

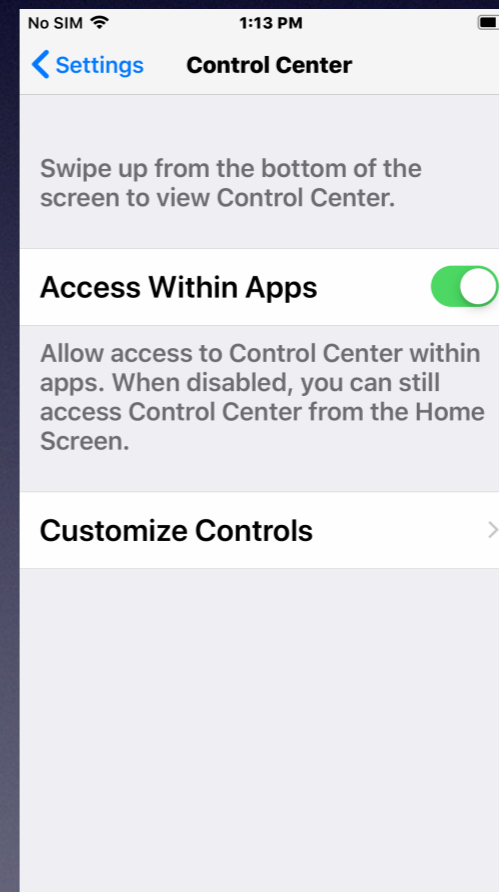

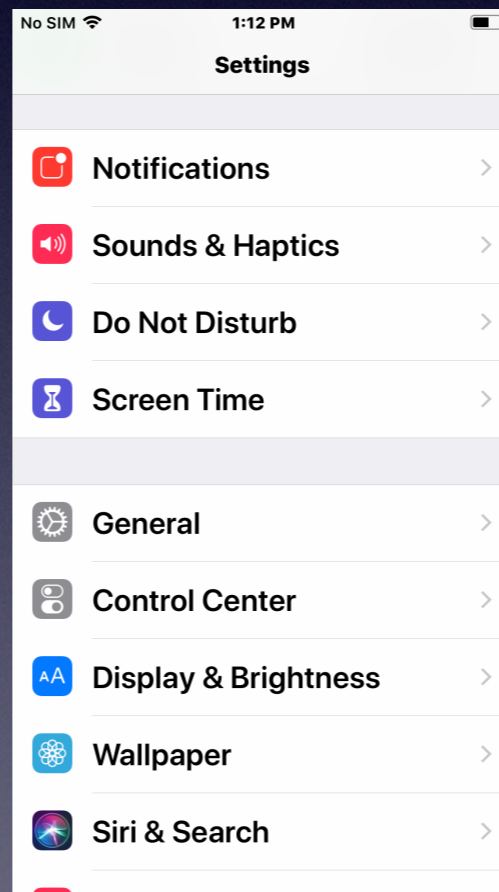

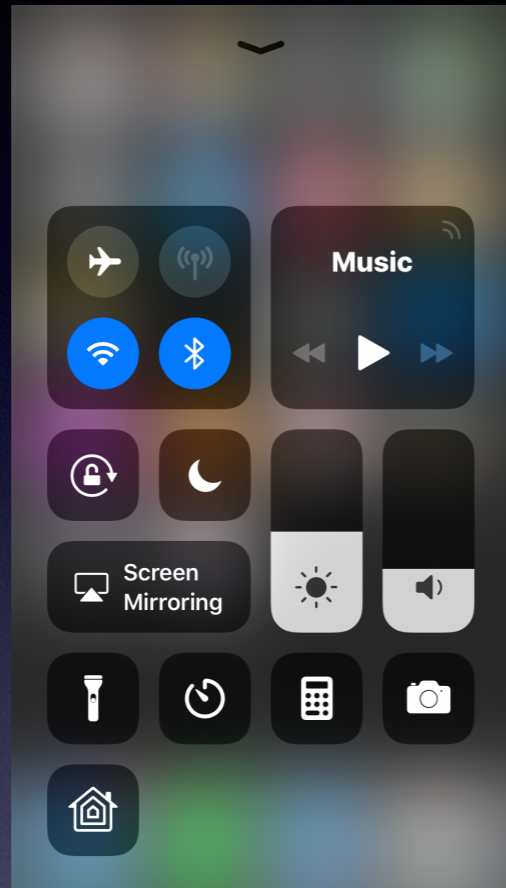

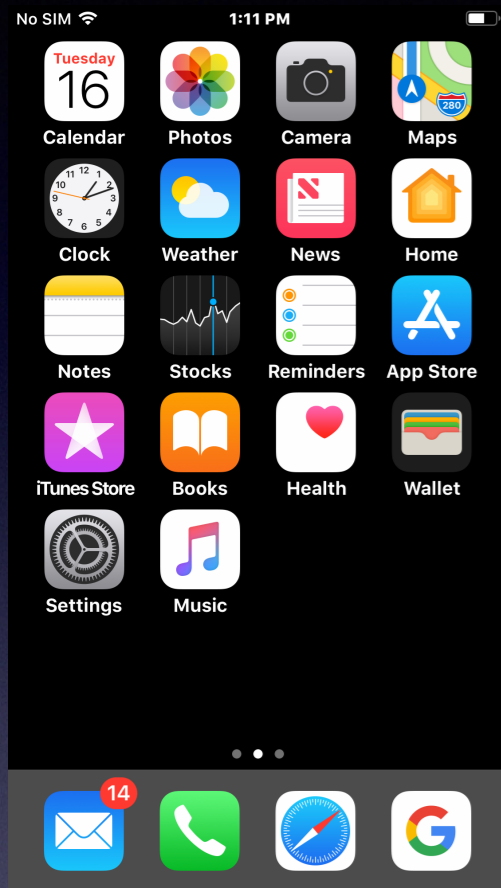

Why Does My iPhone Battery Die So Fast? An Apple Tech's 14 iPhone Battery Drain Fixes!

270,246 views

10K 231 SHARE

The image shows a YouTube video player interface. At the top, the YouTube logo is on the left, and a search bar contains the text "why does my iphone battery die so fast". The video frame shows two men sitting at a desk with laptops. Both men are wearing red t-shirts with a large yellow letter 'P' on the front. The man on the left has short blonde hair and is looking directly at the camera. The man on the right has dark hair and is also looking at the camera. The video player controls at the bottom show a play button, a progress bar at 0:04 / 14:59, a volume icon, and various other icons for settings, full screen, and share. Below the video frame, the video title "Why Does My iPhone Battery Die So Fast? An Apple Tech's 14 iPhone Battery Drain Fixes!" is displayed, followed by the view count "270,246 views" and engagement icons for likes (10K), comments (231), and a share button.

You Can Customize The Control Center!

Where Is The Control Center?

iPad Control Center

iPhone 8 Plus and earlier use the “Flick Up” from the Home Button.

Starting with iOS 12, instead of opening the multitasking view via a gesture or double-pressing the home button, iPad users will need to swipe down from the top-right corner. Specifically, a swipe down over the battery icon will launch Control Center. We briefly touched on the new location in a roundup of iOS 12's hidden features.

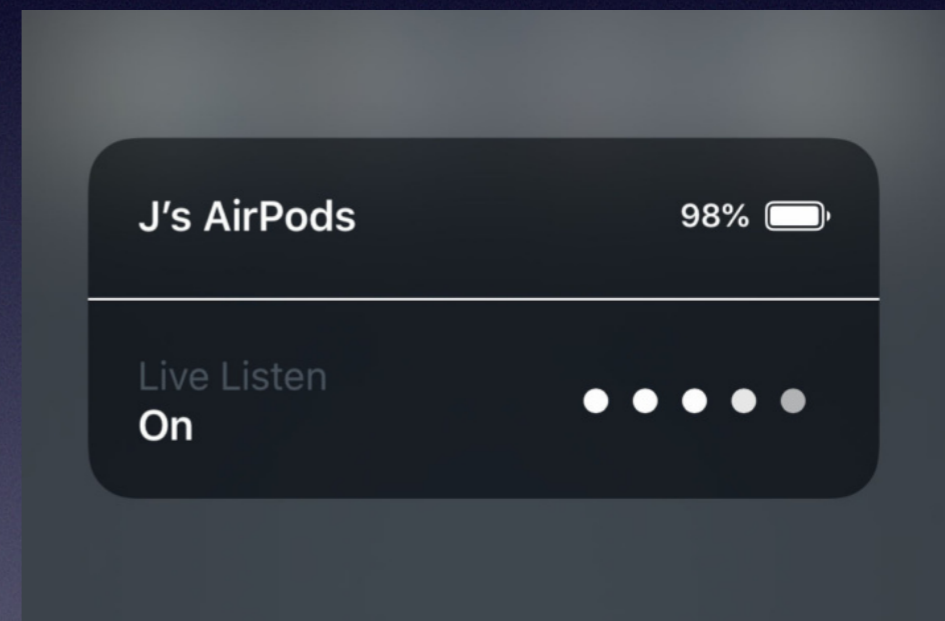

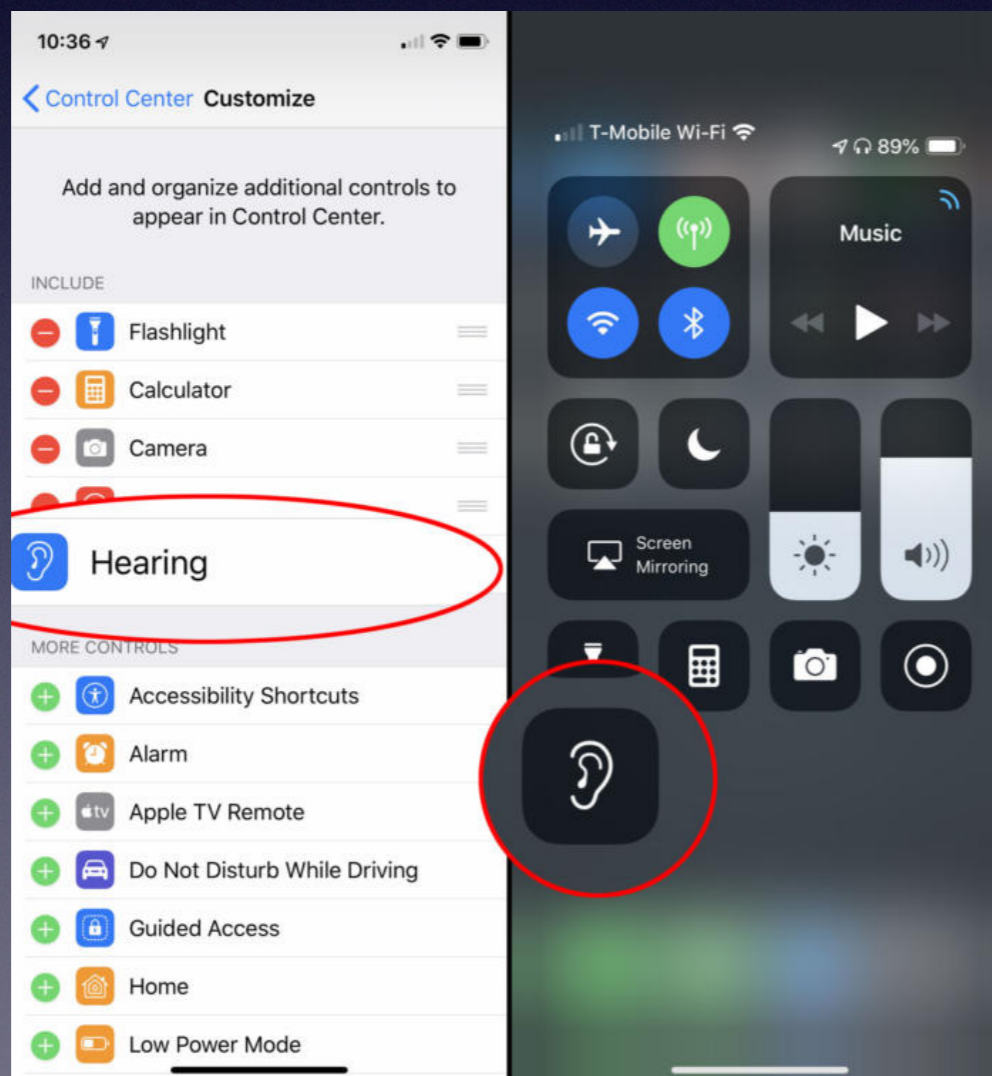

Pull down from top right to the center.
