My web site is on the top of my business card. Use the web address to see the slides that I present today!

\*Call me anytime as long as you do not begin the conversation with, "I know this may be a dumb question..."

Much of  
what I discuss...

# This Is A Lesson For Anyone Who Uses A Smart Phone! Or a computer!

IN ORDER TO MAKE AN APPOINTMENT, HE FIRST HAD TO UPDATE HIS OPERATING SYSTEM, DOWNLOAD AN APP, GET A USERNAME, CHOOSE A PASSWORD, LOG IN TO A HEALTH PORTAL, NAVIGATE TO MESSAGES AND WRITE HIS DOCTOR...BY THEN IT WAS TOO LATE.

**Seniors

Seniors struggling to fill out multiple pages of medical info...

I Love My iPhone  
and iPad  
But...

# At Times I Don't Like Owning An iPhone!

What don't you like about the iPhone?

How tempted are you to pick up your iPhone while driving?

I don't like getting robo calls.

I don't like getting junk emails.

I don't like seeing the trash that is now available.

Especially when children are allowed to "play" with one.

I don't like the expense of purchasing one.

I don't like the cost of owning one. (monthly charges)

I don't like the difficulty some have using one.

I don't like it being a link to dangerous web sites.

I don't like how easy it is for people to be duped.

I don't like the preoccupation with it.

I don't like the influence social media has over us.

Someone is always trying to sell me something.

Too many people are talking and texting while driving.

The moment I learn how to use it...Apple upgrades the iOS!

# We Laugh But Sad!

Adults are obsessed!  
Kids are neglected!

Message to Tom:

**“I Wish He Would (Just)  
Tell Me How To Use  
My iPhone!”**

JUST  
Tell Me

Apple has made at  
300 changes or additions  
to iOS 15.

I WANT  
ANSWERS  
NOW!

# What Is This?

Lest we forget what we are holding in our hands...

# **EVERY Day Someone Is Trying To Scam Me!**

**Is there anyone of you who hasn't received a call, an email, or text trying to bait you!**

# Legal Proceedings Will Begin! Against Me! I may not be reachable.

I may be "locked UP"!

Do you let "unknown" calls(ers) go to voicemail?

Definitely, question the grammar and the accent!

Carrying on a conversation is so dangerous!

# Everyday, Someone Is Trying To Scam You & Me!

Very devious. Be very suspicious!  
It's OK to be suspicious!  
They want money.  
They want information.  
Use intimidation and not very kind.  
Trust your "gut" feelings.  
Is OK to hang up!

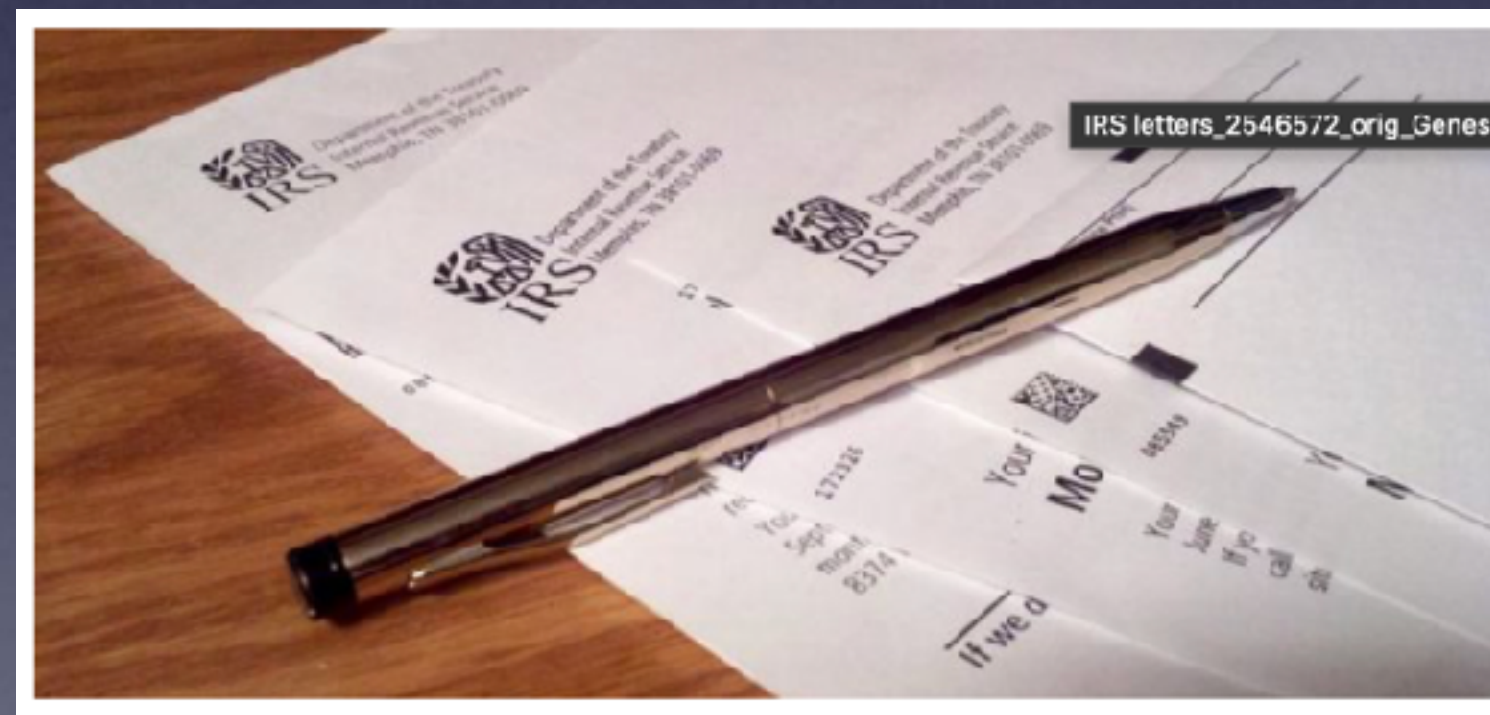

I'm  
just being  
doubly sure  
we all "get it"!

**Being a little older, I am very fortunate to have someone call and check on me everyday. He is from India and is very concerned about my car warranty.**

I, also, have someone checking on my computer to see if there are some corrupt files.

And to warn me about withdrawing illegal Social Security Payments!

The IRS will never call you!  
So their new scam is send a fake letter!

**Be On Your Guard!**

# Robbing A Bank Is Not The “Thing” Today!

Stealing your identity! The “gift” that keeps on giving!

**Reminder:**  
Let calls from numbers  
you do not know;  
go to voice mail.  
Listen to voice mail!

**Running to the phone!**  
**The first one to answer!**

# Why Carry Your iPhone All The Time!

Someone may need you!

You may need someone!

If I am on the side of the road and you find me.

If you are on the side of the road and I find you!

# Cutting Limbs Only To Knock Down The Ladder!

I am stuck on the roof without  
my iPhone.

# It's A Tool Not A Toy!

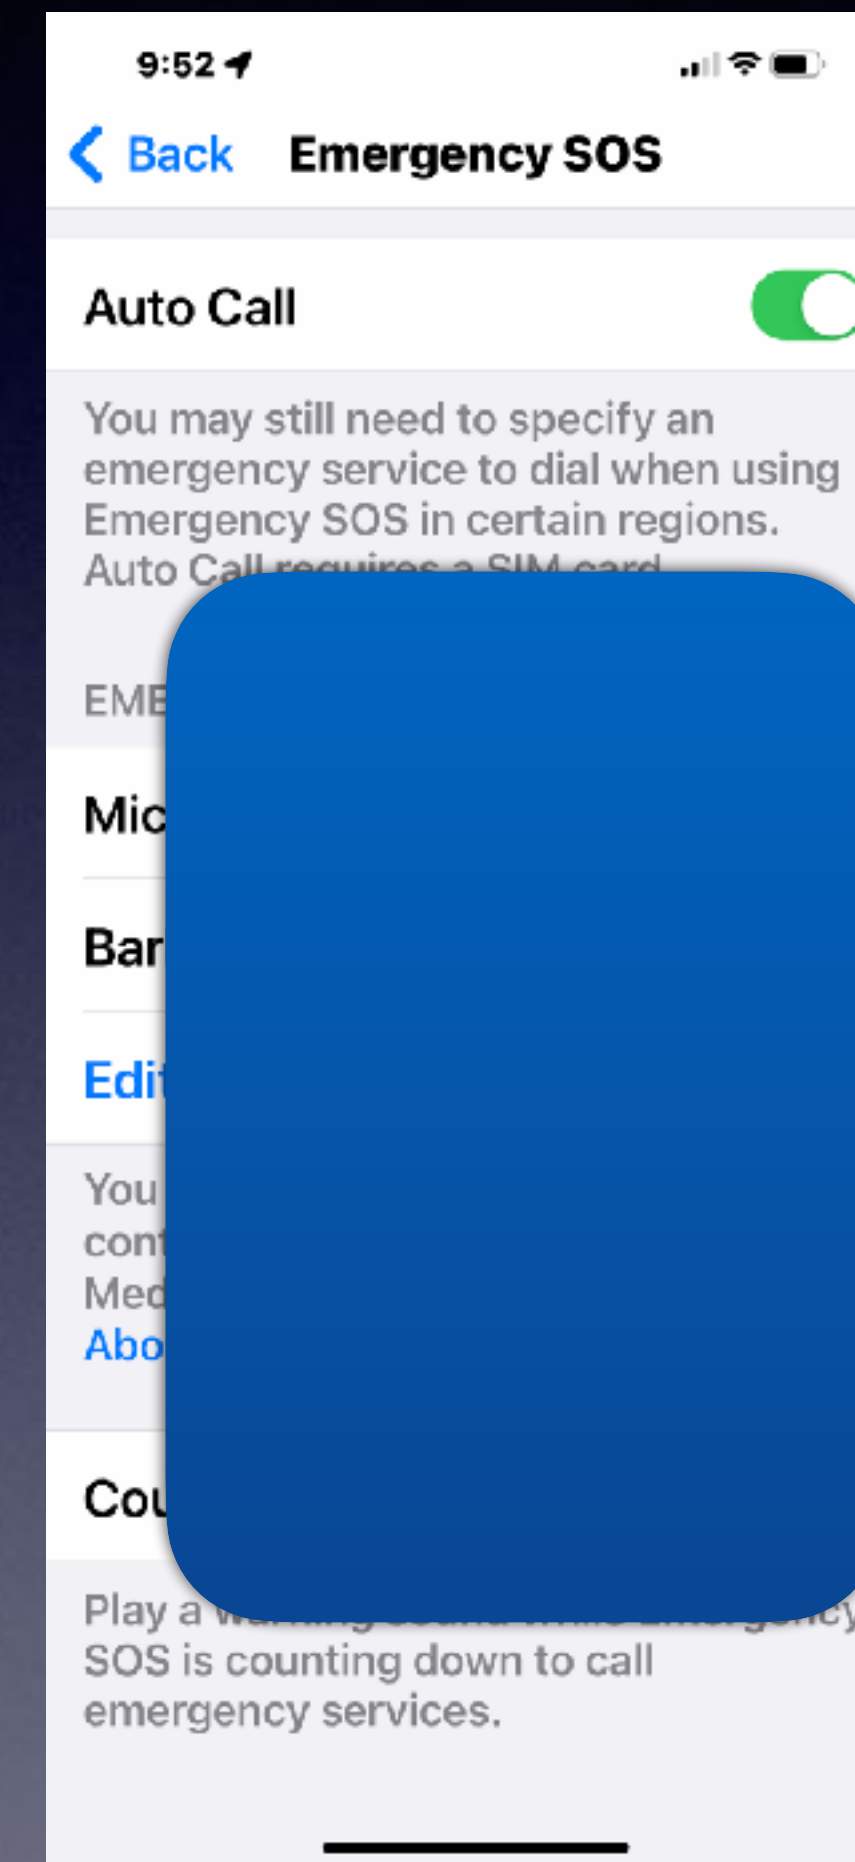

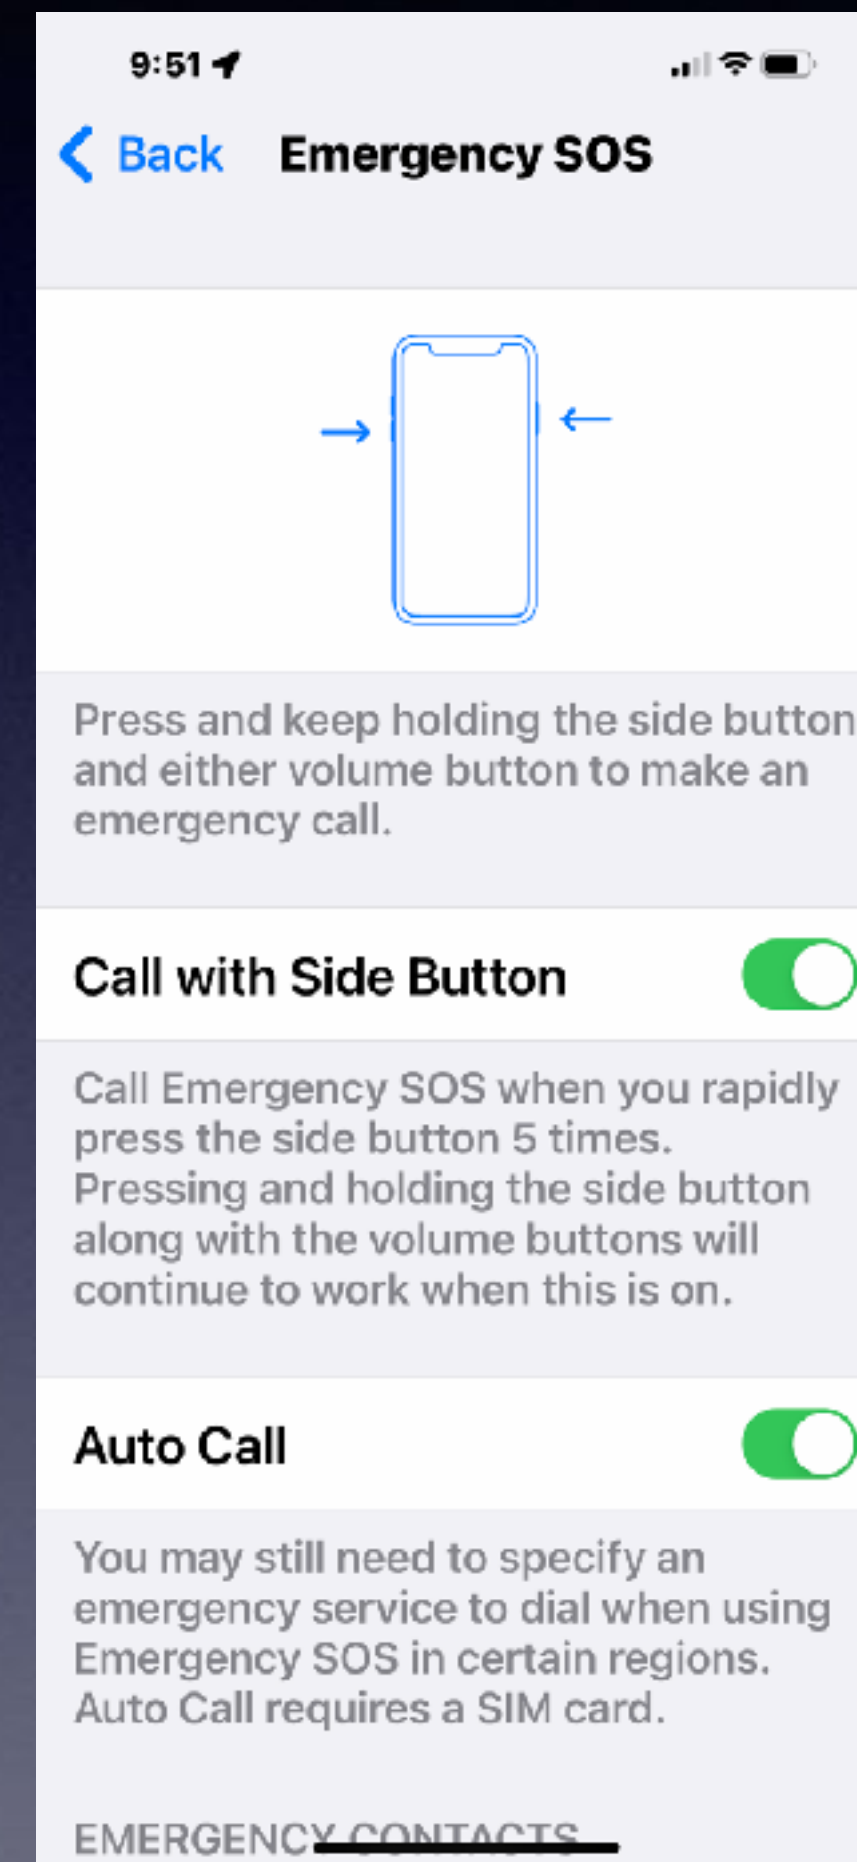

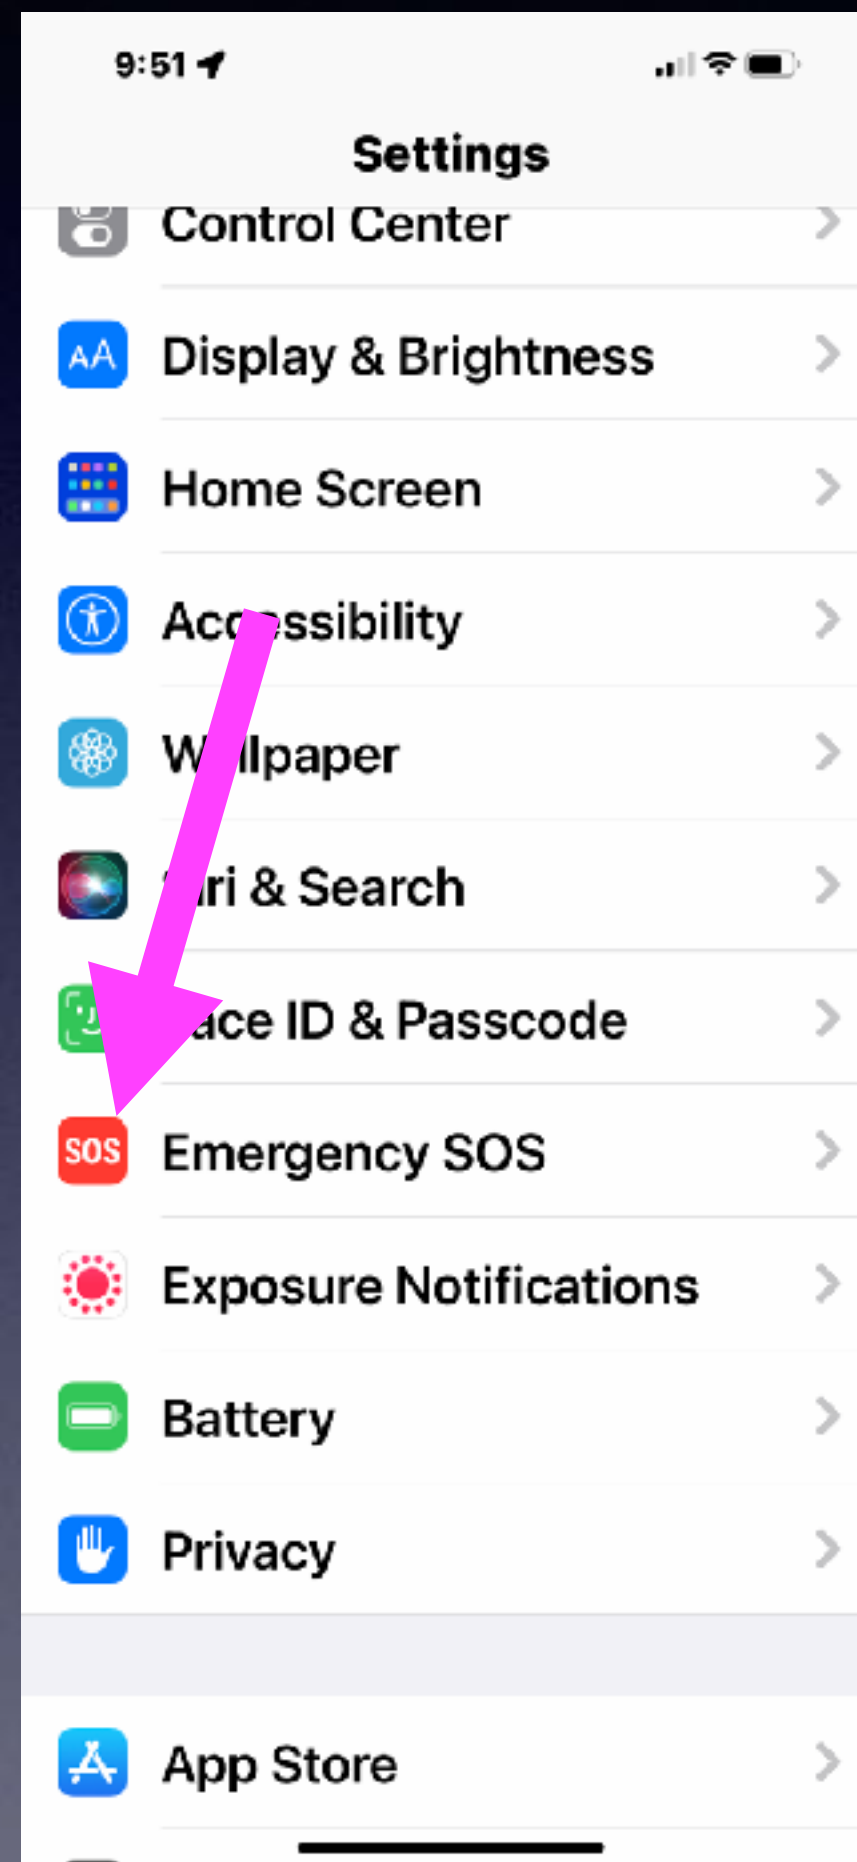

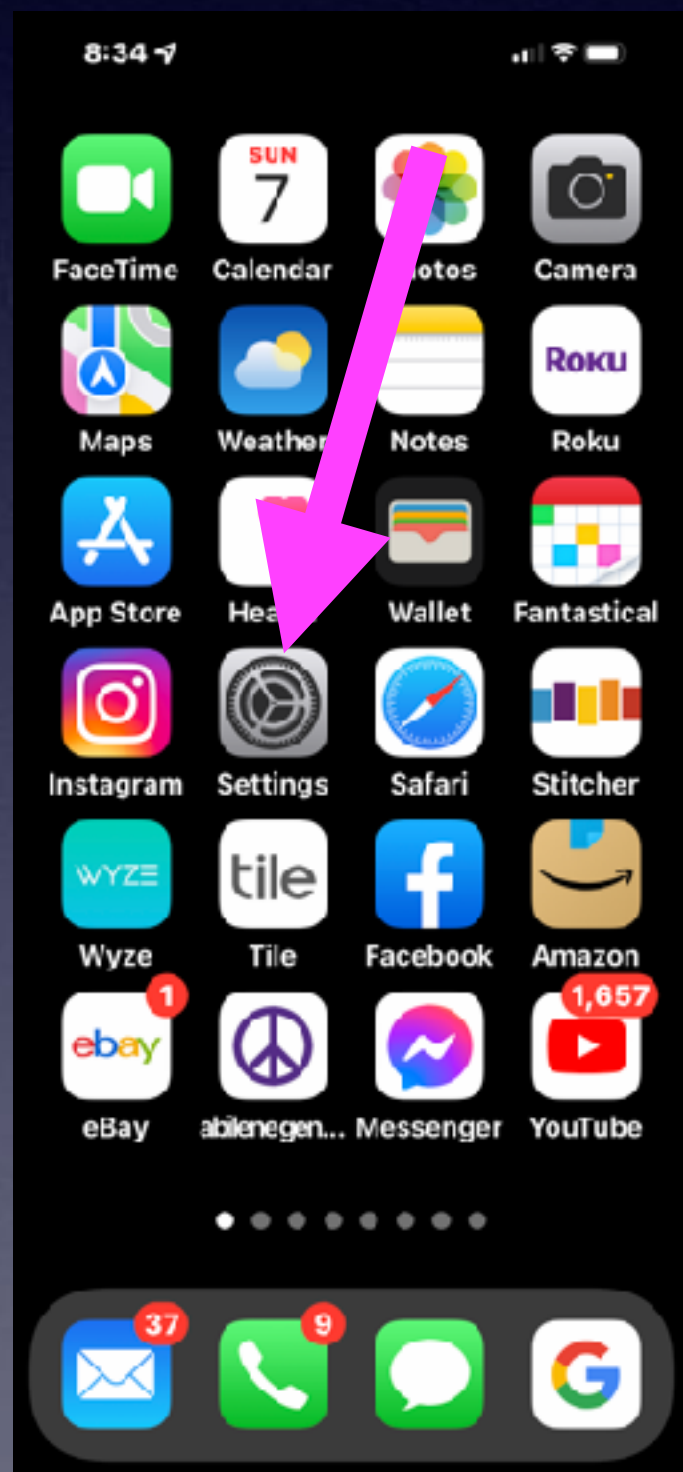

Your Photos.

Your contacts.  
Where you have been.  
Your personal info.  
Your home address and phone number.  
Your passwords.

Purchased items from the App store.  
The Health App has medical info.  
Breakage...can you afford a repair?

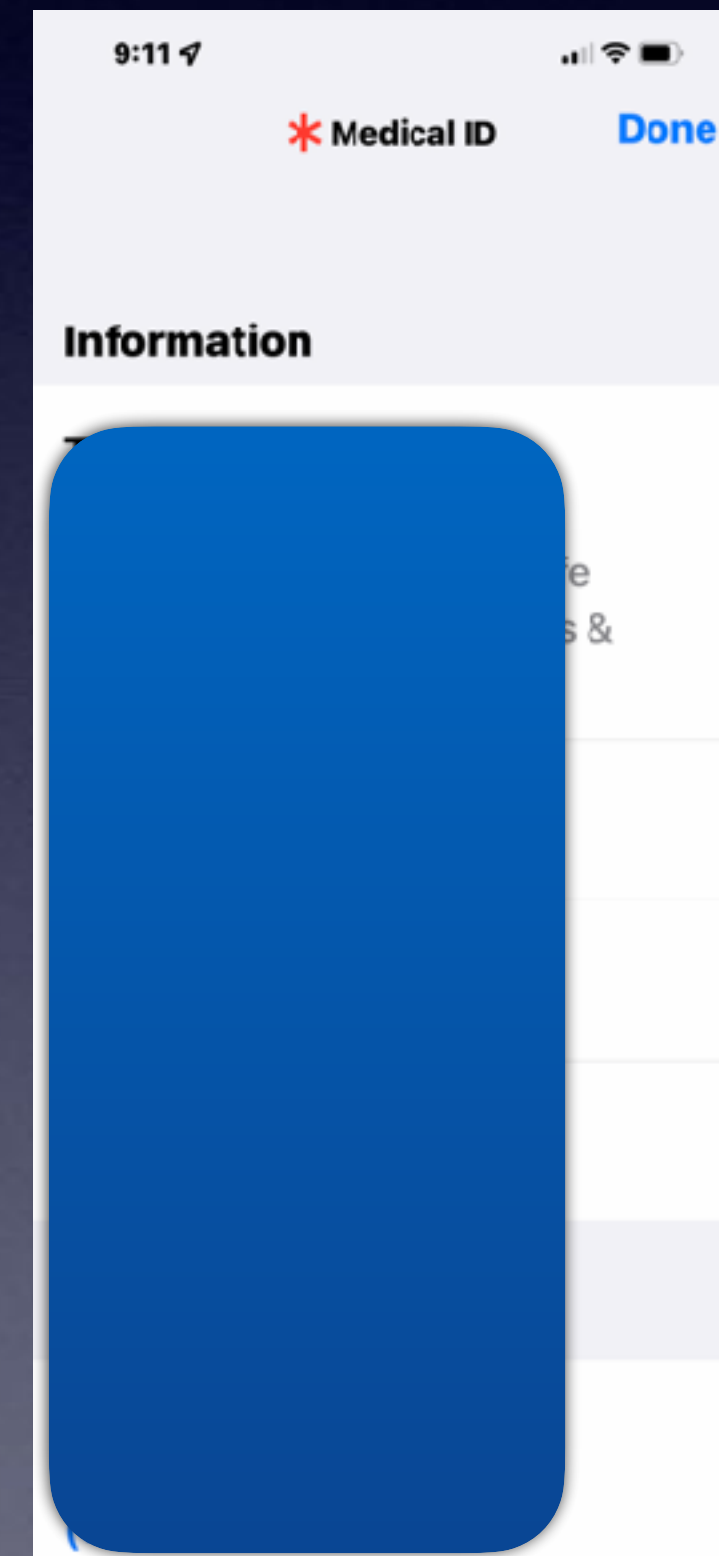

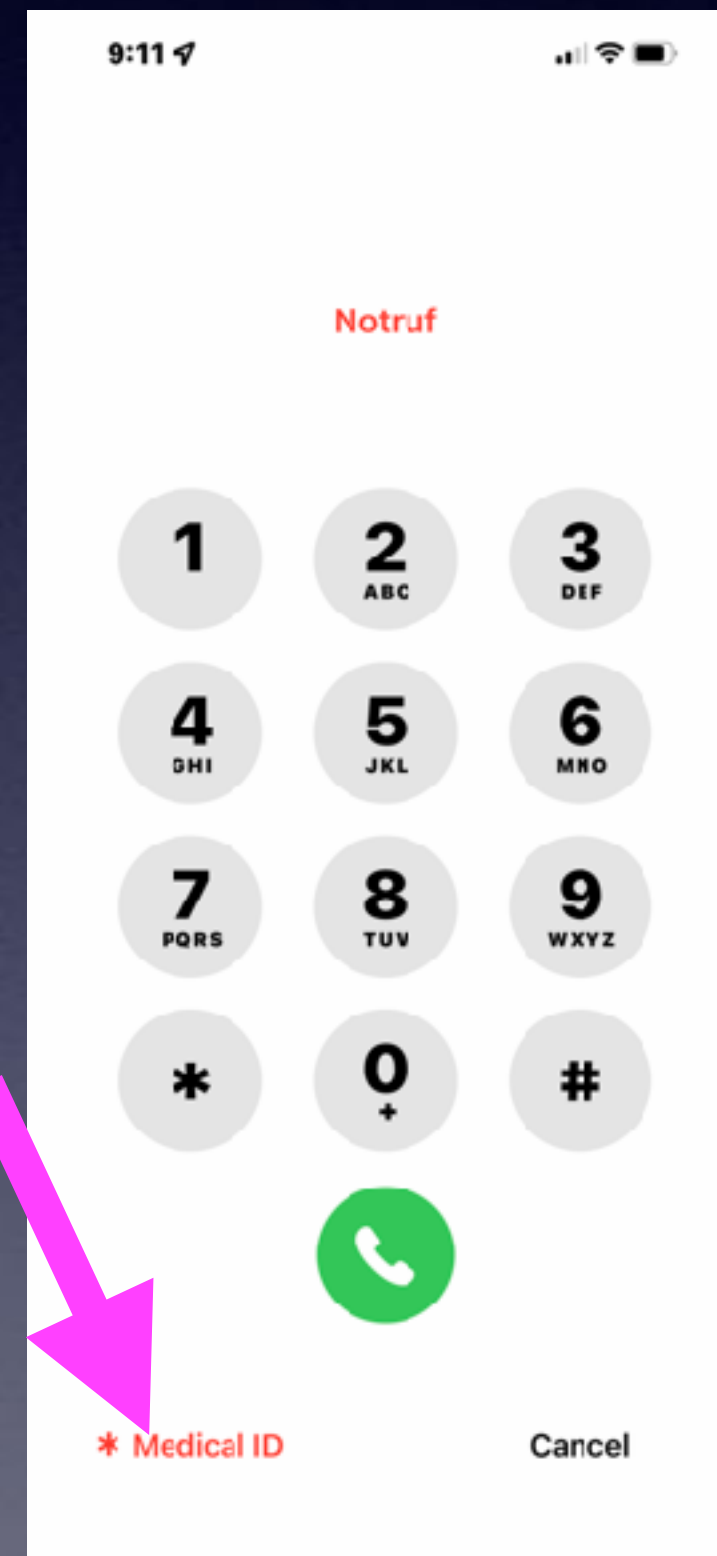

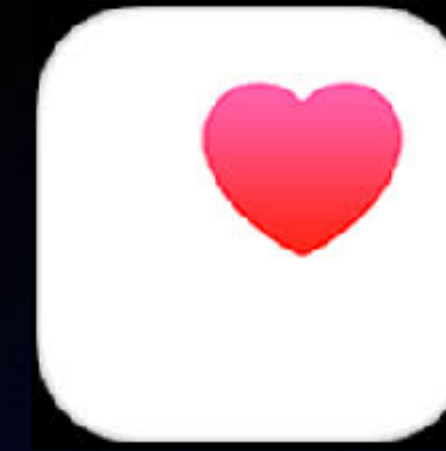

What's on my iPhone?  
Is the **content** good  
for a child?

"There's really nothing  
on my iPhone" is  
said by someone  
who doesn't know  
what is in their hand!

# SOS For Your Own Safety

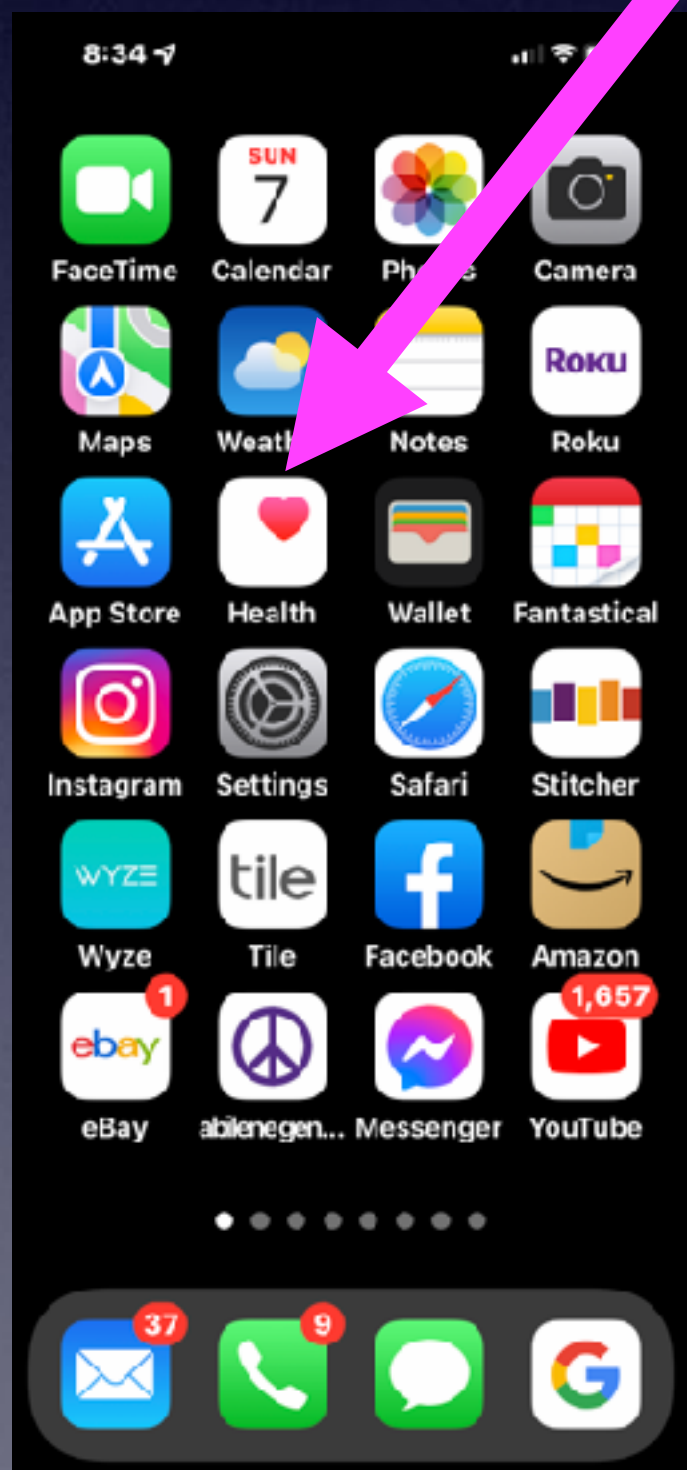

# The Health App May Save Your Life!

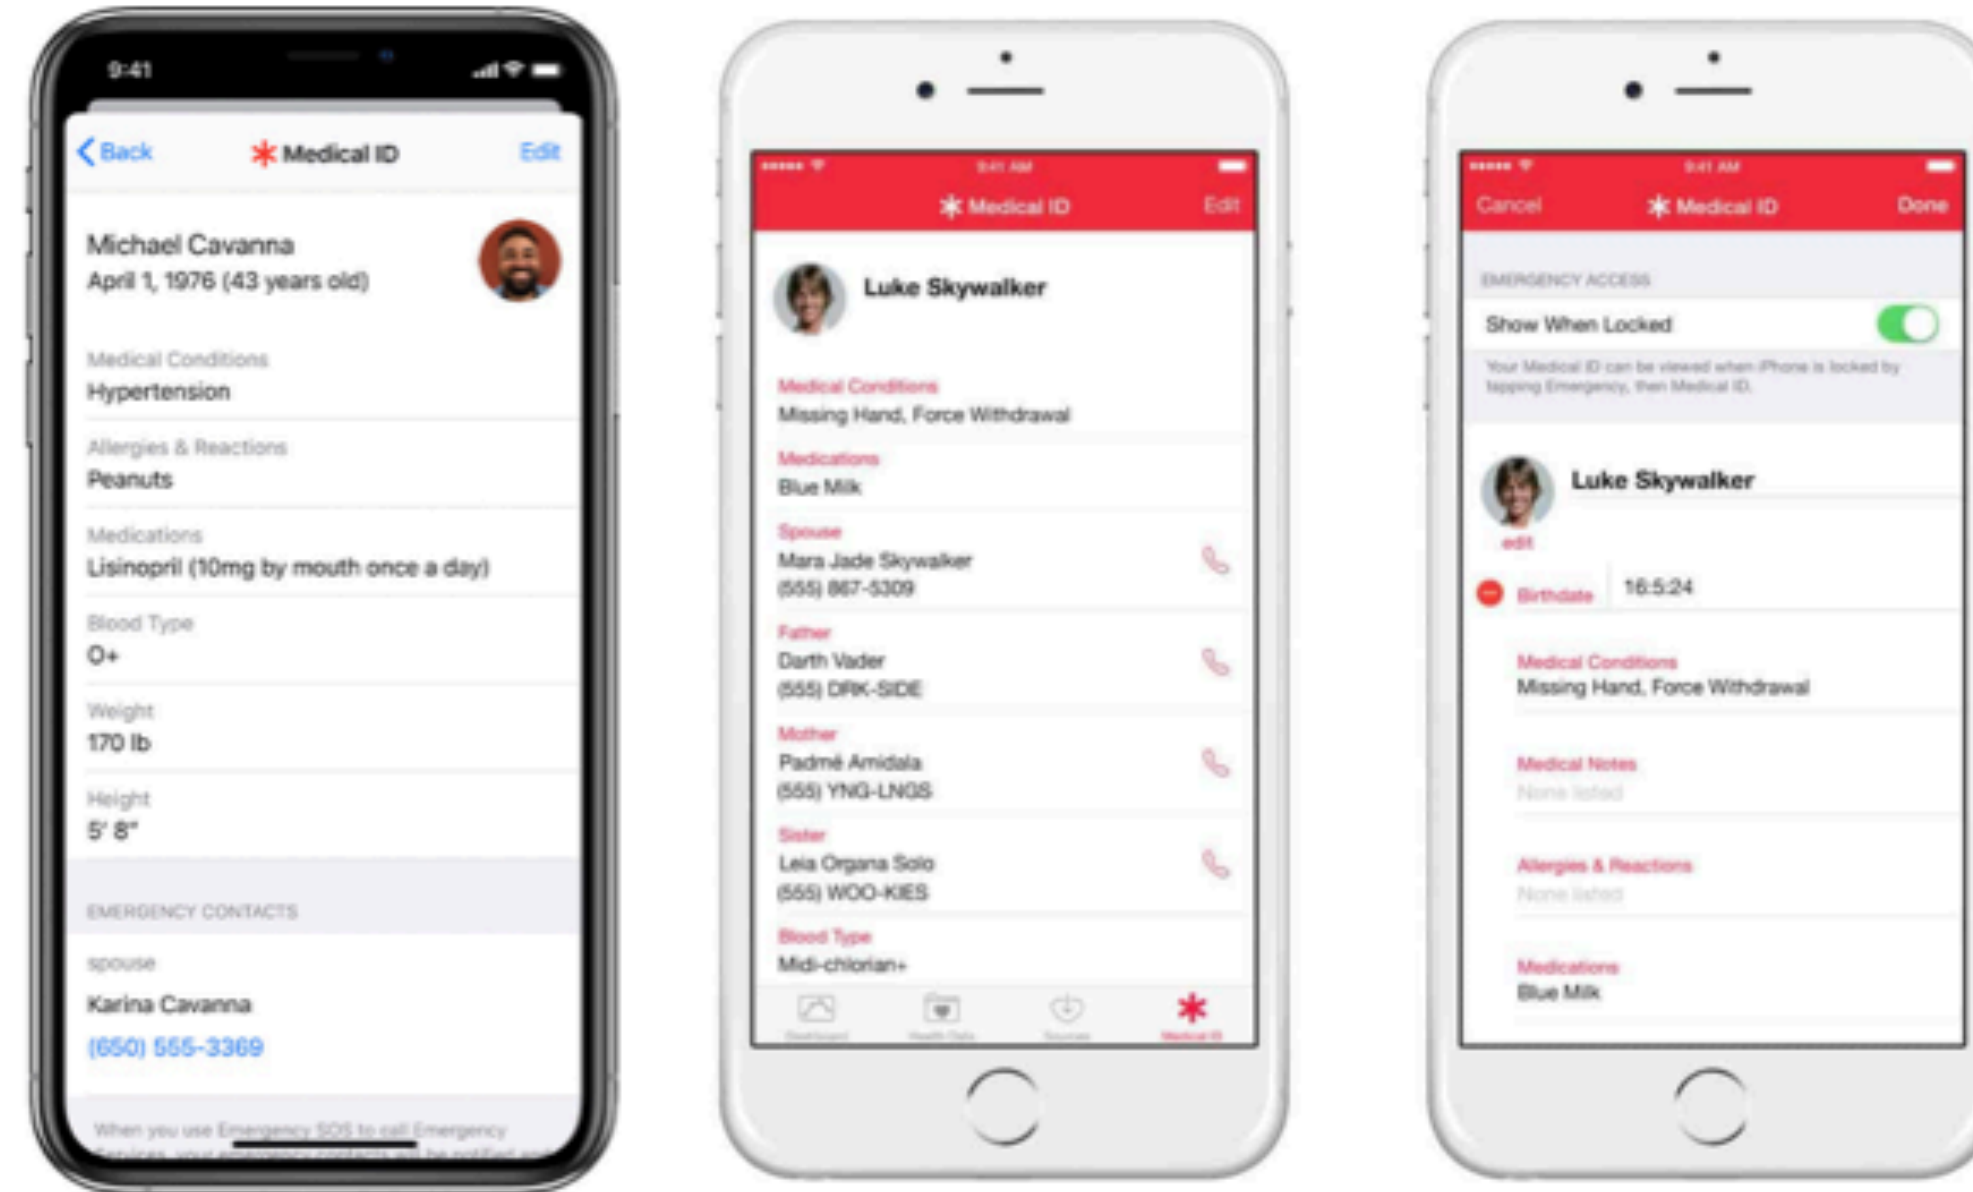

Emergency services are trained to get into your iPhone even when it is locked!

# Set Up Your Medical ID!

## Setting up the Medical ID in the Health app on your iPhone

Medical ID helps first responders access your critical medical information from the Lock screen, without needing your passcode. They can see information like allergies and medical conditions as well as who to contact in case of an emergency.

### How to set up your Medical ID

Open the Health app and tap the Summary tab.

Tap your profile picture  in the upper-right corner.

Under Medical Details, tap Medical ID.

Tap Edit in the upper-right corner.

To make your Medical ID available from the Lock screen on your iPhone, turn on Show When Locked. In an emergency, this gives information to people who want to help.

Enter health information like your date of birth, allergies, and blood type.

Tap Done.

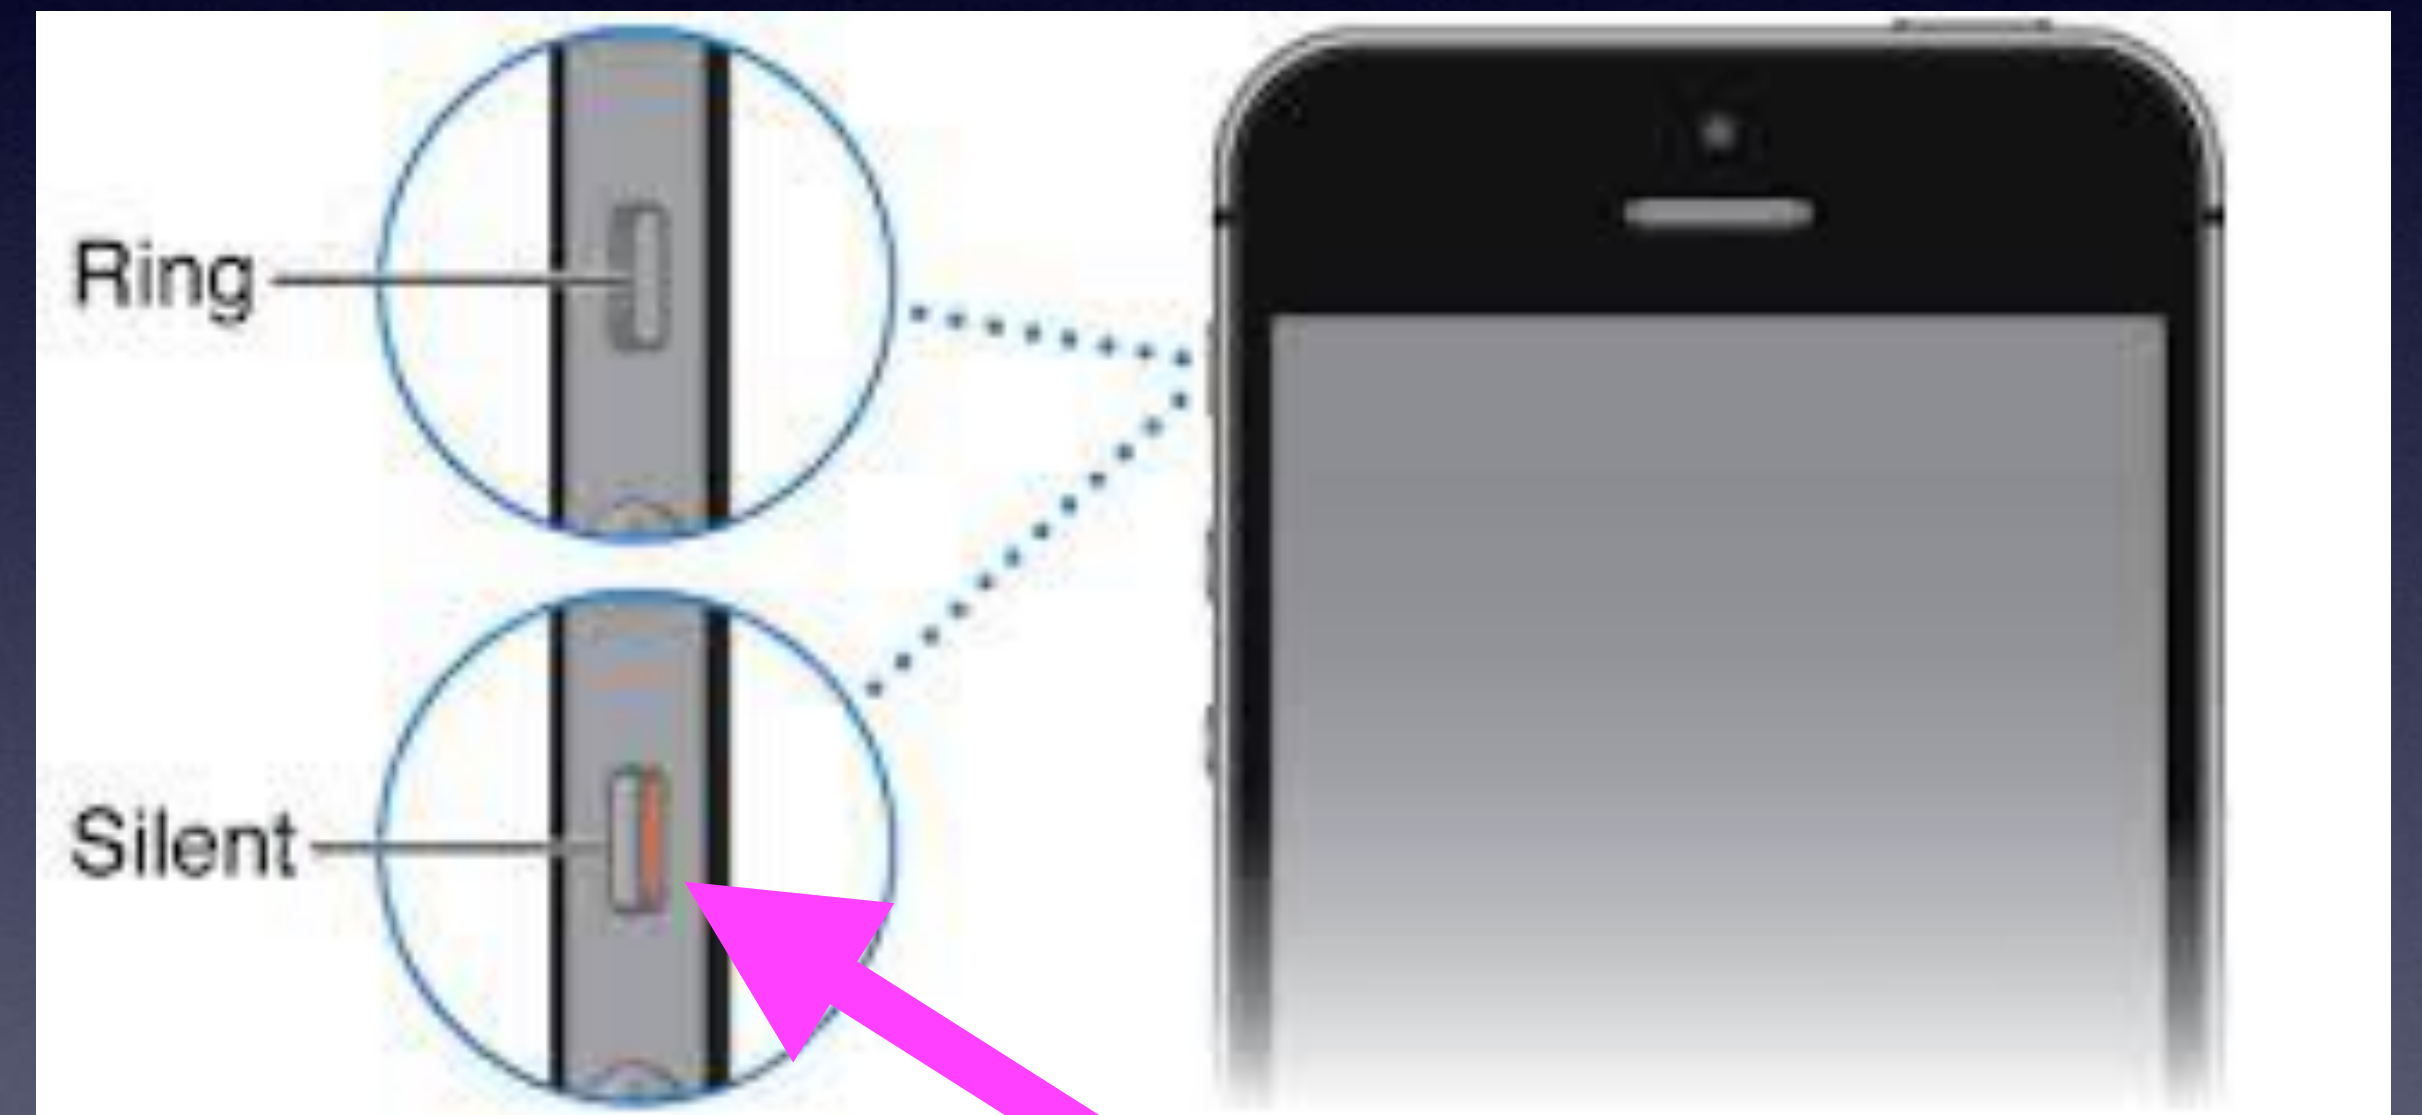

# I Am A Volunteer.

I don't work for Apple.  
I don't get any discounts  
when purchasing Apple  
products.  
Most of what I own has  
been purchased used.

# Turn Off Your Ringer!

We often forget how loudly we speak while on an iPhone!

Make sure you see the red color!
